Well this year has been bad as heck- Its been full of great things and times, like stank, "Bubba", and neck. Im really glad we started to like each other that Wednesday at Ridgecrest, instead of resenting each other as we did before - Im never going to forget that. and Im really glad we had Algebra 2 together - its made it a lot less painful.

Well Brad its hard to put a friendship into words - Ill see you at church and over the summer

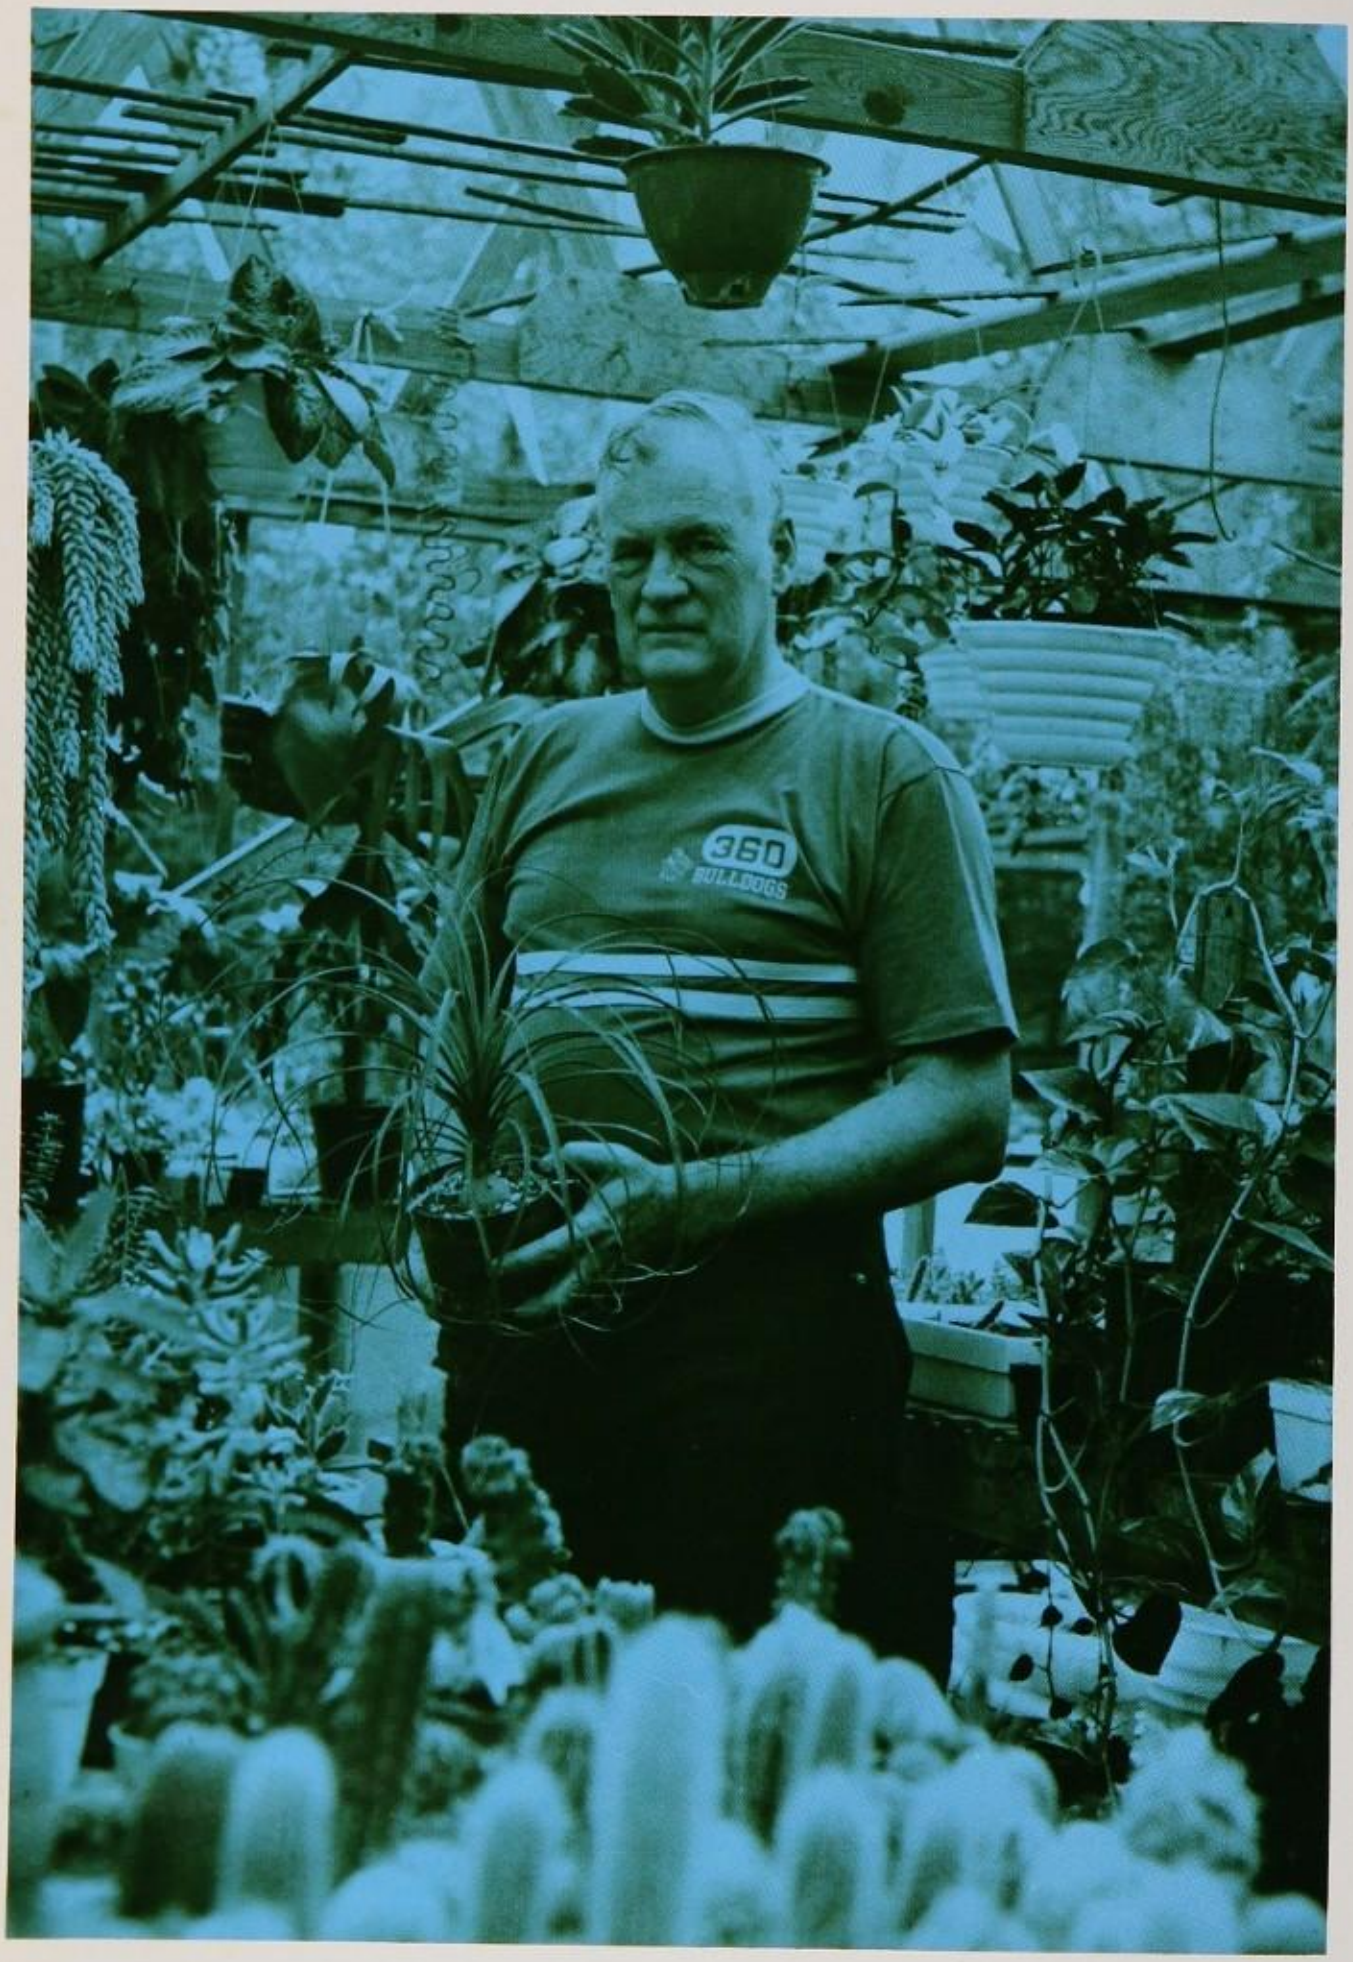
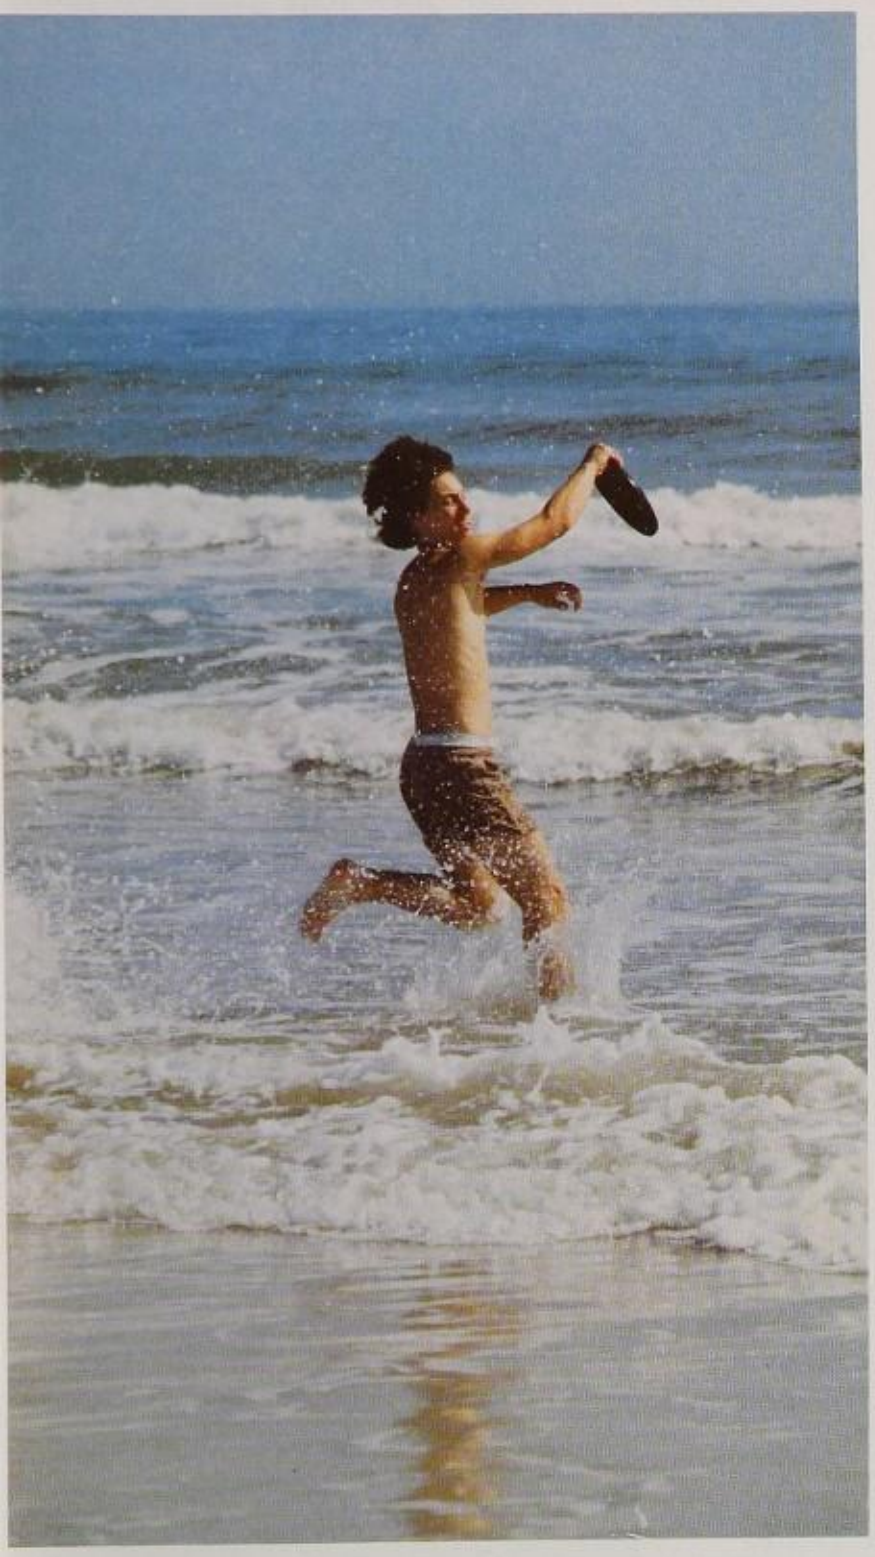
"All the world's a stage and all the men and women merely players. They have their exits and their entrances; and one man in his time plays many parts . . ." — William Shakespeare, *As You Like It.*

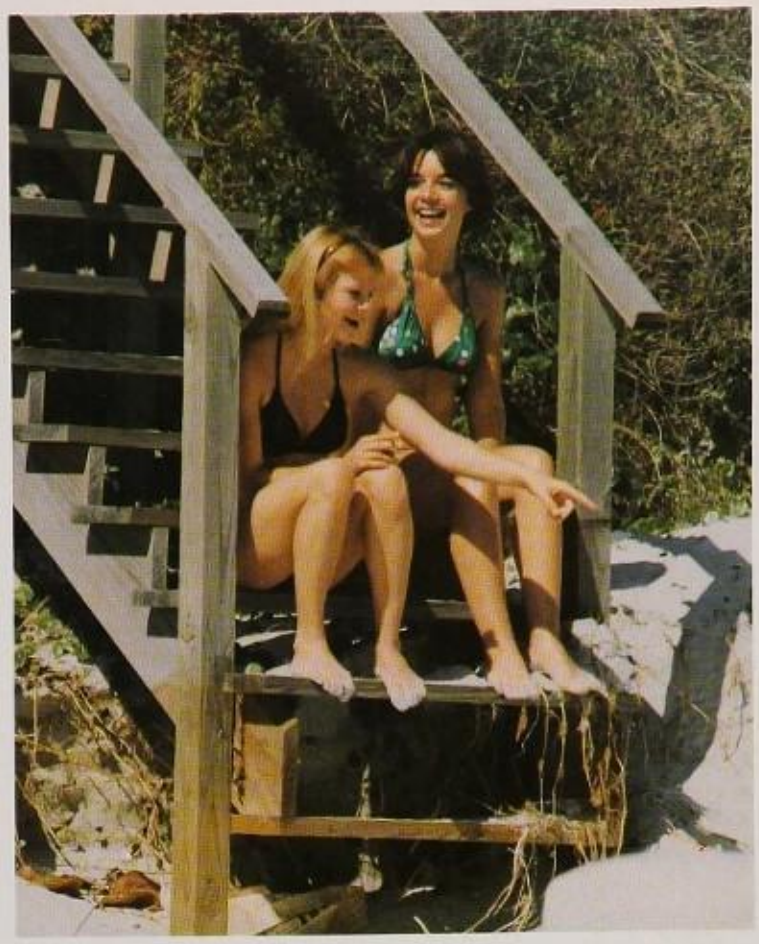
DEDICATION: ALAN E. BAILES

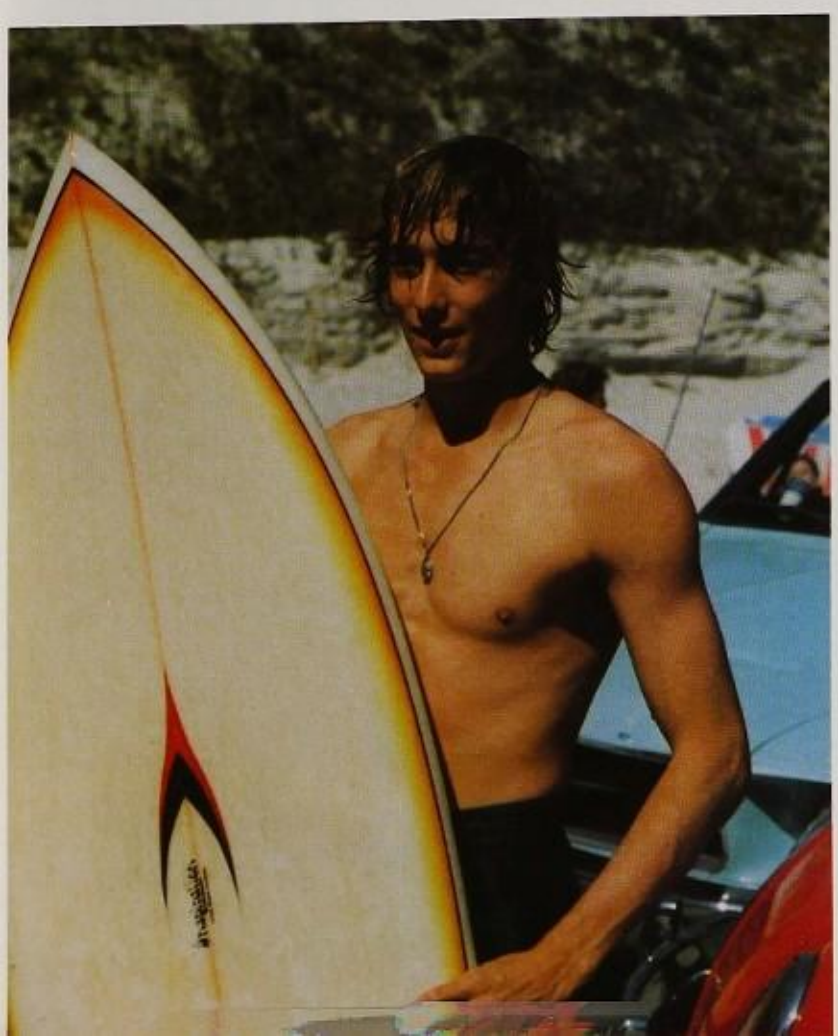


It is difficult to thank anyone adequately for twenty-nine years of exceptional service to education. Alan Bailes' role as Principal of DeLand High School has covered more than one-third of his life. His patience, diligence, and humility are apparent to his staff, students, and parents. Beginning his educational career as a classroom teacher at the old DHS facility on North Clara Avenue in 1950, he later served as Registrar for two years. Since 1960, Mr. Bailes has served as Principal of the current DHS structure. Although the student body has grown from 800 to 2300, Alan Bailes has carefully supervised the new building programs, the selection of an enlarged staff and the changing student needs. But the prevailing philosophy of creating a healthy learning atmosphere with emphasis on the total student, both educationally and socially, has remained constant. Upon his retirement, DeLand High School dedicates the 1979 *Athenian* to a fine educator whose services will long be remembered in Volusia County: *ALAN E. BAILES.*

We are each others audiences, you for me and I for you . . .







MISS DHS 78: KENDELL

Characters: Kendell Murphy, Patti Peterson, Joanne Calobrisi, Melanie Ledford, Shawn Healey.

Setting: DHS Auditorium, Friday, March 17, 1978 (St. Patrick's Day), 2:00.

Act One: Inside the auditorium, the crowd lingered in anxious expectation, awaiting the beginning of the Miss DHS contest finals. Backstage, the five opportune survivors primped and paused to compose themselves before the onset of the competition. Whether nervous or tranquil, the contestants revealed themselves to be both gifted, prepared, and entertaining. Shawn Healey proved why she is a member of Avant-Garde, the elite dance association, by performing a gymnastics-dance rountine to the disco-flavored hit, "Night Fever." Joanne Calobrisi, another Avant-Garde member, demonstrated her prowess as both a mime and a dancer as she pantomimed "When Velma Takes the Stand." An amusing variation of "Spanish Rose," by Patti Peterson, left the audience hysterical with laughter at her ingenious antics. Melanie Ledford, another member of Avant-Garde, chose instead to spotlight her vocal aptitude by singing the Jackson Browne popular single, "Here Come Those Tears Again." But the 'turning point' of the talent presentation came when Kendell Murphy, Avant-Garde member, danced to the euphonious score of the ballet film, "The Turning Point."

Act Two: As the girls huddled closely together in anticipation, a tie for "Miss Congeniality" was announced between Joanne Calobrisi and Patti Peterson, and Kendell Murphy was proclaimed as the winner of the "Most Talented" award. Finally, when the tension had risen to the apex, Patti Peterson was declared to be "First runner Up;" Kendell Murphy became the new "Miss DHS." Amid both smiles and tears, Kendell took her first walk as "Miss DHS" to survey her domain.

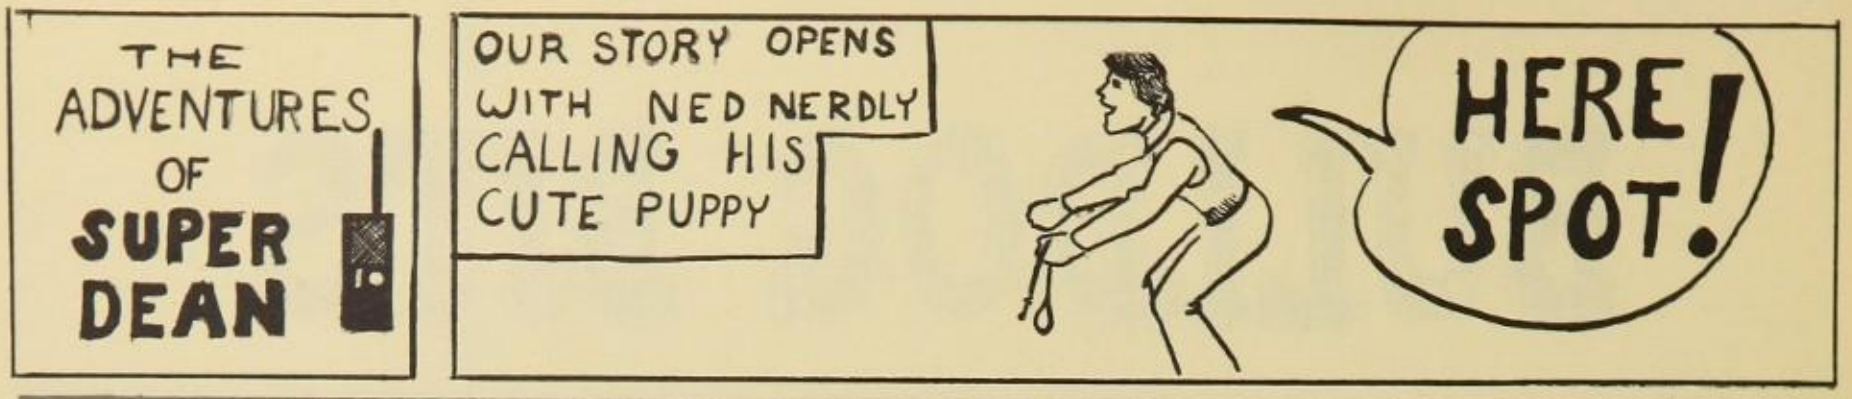
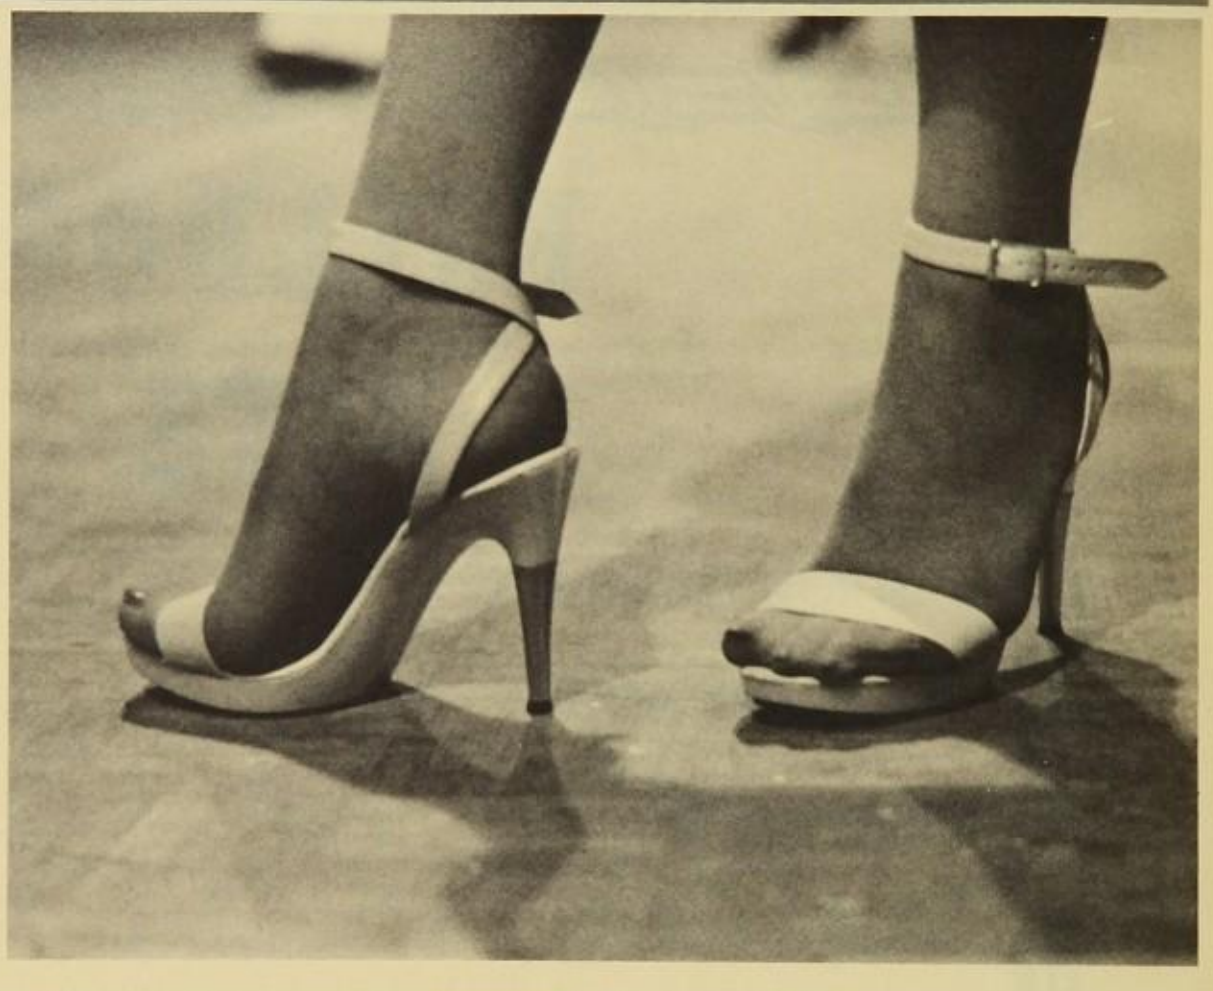
During the school year, many events occur that are rarely captured in pictures, but are significant enough to be remembered. This journal strives to cover these events. Somewhere in the future, however, you may lose your memory of the magic of your high school days: a smile, a friend, a special day. The small activities that make up high school life fade into oblivion when you start college or a job. Sometime, somewhere when you have the time and desire, open this book to these sixteen pages, and remember . . .



FASHION FOUNTAIN

BULLDOG BITS VOL. II

Big in 1978-79 was the disco influence which invaded every aspect of student life — from cheerleading routines to student fashions. No longer do cheerleaders do the bouncy "rah-rah" cheers of the past. Now cheerleaders dance to the disco beat in order to drum up enthusiasm. Swirling dresses, spiked-heel shoes, satin pencil pants, Candies, velour shirts, tiered dresses, wide shirts, pleated pants, three piece suits, and boots belong on the scene of today. Hair has been permed, feathered, curled, and winged back. Without blow dyers, curling irons and electric rollers, we would all be lost!



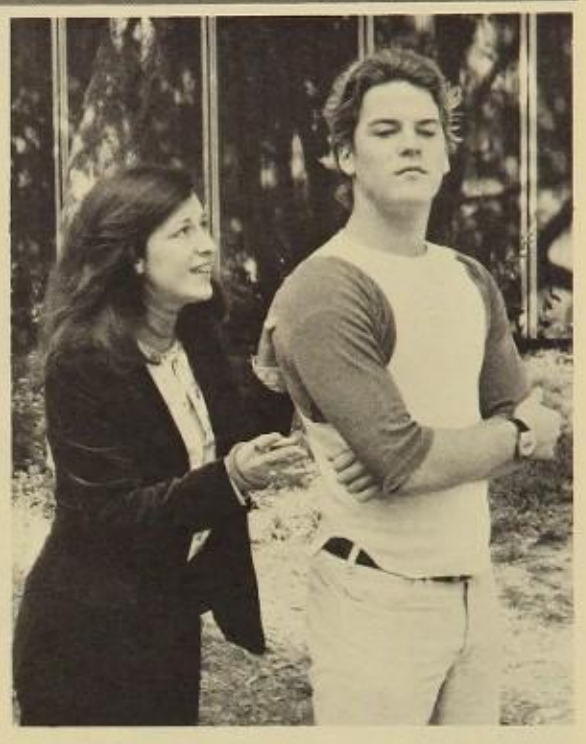
NOSTALGIA NOOK

FASHION FOUNTAIN

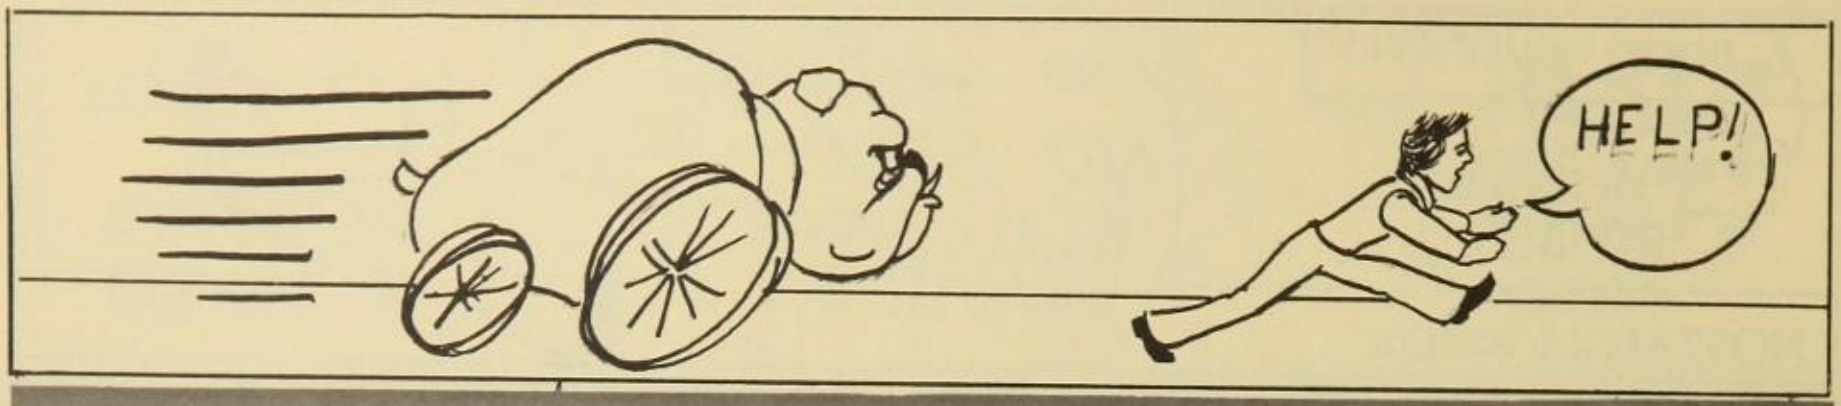
Of the many forms of talent at DHS, three students have been chosen worthy of an outstanding honor in their field — writing. The NCTE writing awards are prestigious: of the 8,000 students who wrote for the contest, 850 were selected for awards. From this 850, three hailed from DHS: BRIAN KNOPP, KAREN MEDLIN and TERESA YEARGAN. The purpose of this competition is to discover literary talent and recognize these writers publicly for their exceptional literary achievements. The names of the winners were distributed to colleges granting scholarships where they were given preferential treatment. Writing and exposition in a short length of time is quite a task, and when the topic is ... promptu, the task is even greater. DHS has been well represented by these three students.

BULLDOG BITS VOL. II

DHS has produced yet another pair of winners. In the DHS drama spotlight are MORGAN SMITH and BRAD KNOPP of the National Thespian Society for their acclaimed rendition of "Anne of the Thousand Days" in the duet acting phase of the District Competition. "Anne of the Thousand Days" depicts the intense conflict between King Henry VIII (Brad) and one of his wives, Anne Boleyn (Morgan) that ends in the King ordering the execution of his favored queen. Thirty-four couples participated in the duet acting competition and "Anne of the Thousand Days" was chosen as best overall. Five couples advanced to the State Competition held in April in Winter Park. Brad is a veteran of District and State Competitions, having appeared in "Goodbye to the Clowns" two years ago. Morgan has established herself rather solidly as an actress here in DeLand: as Alexandra in "The Little Foxes," "See How They Run," "Summer and Smoke," and as Cecily in "The Odd Couple."



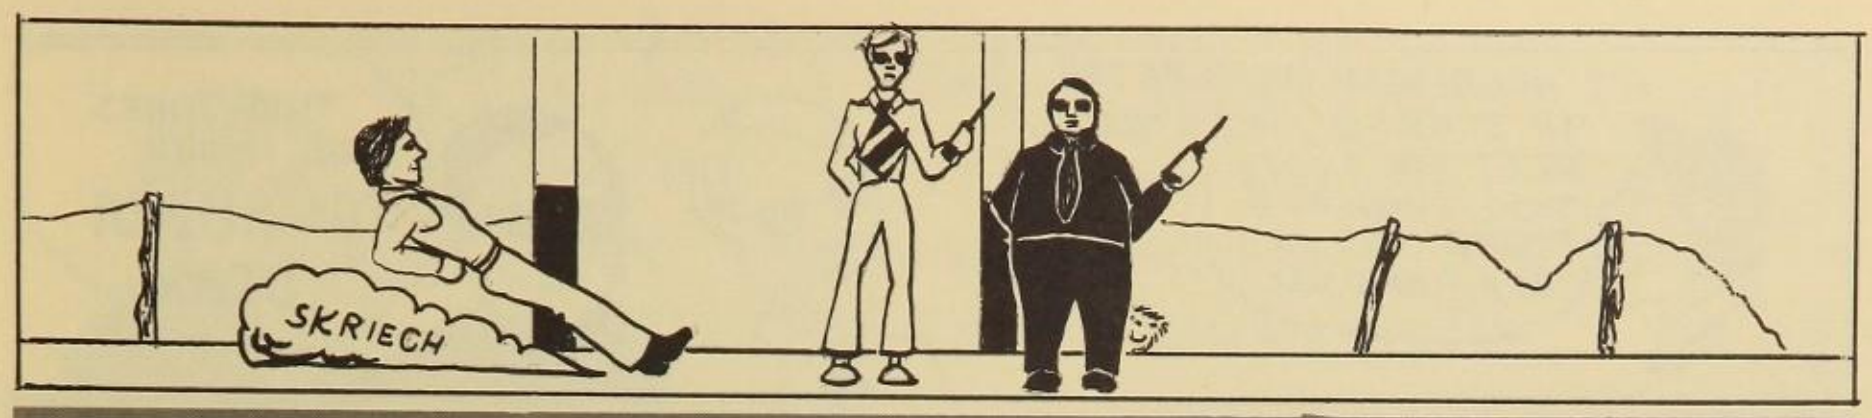
Always and Forever will the '79 Prom be remembered by the DeLand High School students. CINDY POWELL AND JEFF RAINES reigned as Prom King and Queen at the Contemporary Hotel at Walt Disney World on Friday, March 23. Other court members included: Sue Yencha and Buster Hunt; Karen Sheutz and Brian Knopp; and Jinni Chinelli and Ron Rebres.



Clones are artificial identical beings, whose number is unlimited. It is now possible to have an entire society based on one man — one desirable shape, one desirable mind, thinking predestined thoughts. Perhaps our society will fragment and divide its ranks into those predominant traits that can be cloned for social stability — there will be a thousand identical workers, a thousand identical teachers, and a thousand identical officials. You, as an individual, will be the minority. Your thoughts will be overshadowed by the thoughts and voices of a million controlled beings, all patterned after the man who was deemed socially desirable.

There will be no individual in this future world of the clone. Even the identical twin, sharing emotions and thoughts from a single, fertilized egg, will be vastly unique in comparison to the clone. With the clone, there is only one pattern to follow, one path to create and rule a life instead of the mutual harmony of true twins. A clone, then, can no more decide his lifestyle or his ethics anymore than you can change the color of your eyes, the fingerprints on your hands.

Imagine . . . even the fingerprints of the hands will be the same. How sad. Yet how appropriate for World Order — identical people living identical lives, working identical jobs that will produce an identical quality. Except between classes of clones, there will be only minute degree of conflict; a degree that is comparable to the conflict that one has with oneself. Yes, cloning will keep the people happy, keep them safe from choice, keep them from leading muddled, confusing lives — because they will have no choice; they will have only one way to lead their lives: predestined.



The award of "MISS CONGENIALITY" is a prize to be treasured. Chosen by her fellow contestants, the winner of this award is selected for her pleasant, friendly, and agreeable nature. Last year, two contestants were equally honored to be "MISS CONGENIALITY" for 1978-79: Joanne Calobrisi and Patti Peterson. Both girls radiate warmth and possess the charm and confidence to represent the student body of DHS.

Miss Angel Wood — just recently, Mrs. Hauch. She's the little Algebra teacher with the gorgeous black hair and the slanty dark eyes. Most of her students acknowledge these facts, usually adding that she is also one tough, *demanding* (understatement) teacher who asks the impossible and then gives you a "C" for it! But what most students don't know is that this little gal is used to asking the impossible of *herself* — and often achieving it.

All this isn't necessarily peculiar to Mrs. Hauch alone. Her mother was a talented dancer in the Ballet Rouse de Monte Carlo in New York. It was with that type of influence that she began a most ambitious following of a very rewarding and demanding art: Ballet.

Donning her first pair of little pink shoes and matching tutu at the age of six, Mrs. Hauch progressed markedly; becoming the youngest senior member of the Tampa Bay Ballet Co. at the age of 13. At fourteen, her talent earned her the Ceechetti Method Certificates I & II, and her first debut, televised, was in "Cinderella" at the age of 16.
She was attracting quite a crowd of approving critics at this time — New York and Miami were among them, offering her full scholarships. However talented, she continued to strive for perfection (a trait unfortunately carried through into her teaching of Algebra II), studying under such famous dancers as Frederick Franklin, Alexandra Danilova, and Susan Farrell.

Dancing was not the only subject studied at this time, however. Enrolled at Stetson, she earned a BA and an MBA in mathematics. Not vexed in the slightest by her studies, she was still remarkably active in the Royal Ballet Co. in Orlando, and teaching ballet classes, not to mention taking time off touring Russia, observing the famous Bolshoi and Kirov Ballet Companies.

Mrs. Hauch kept up the pace. Finding enough energy and time, she danced and choreographed many of the successful musical produced by the DeLand Players: *South Pacific, Oklahoma,* and others.

Her life's repertoire — *Cinderella* (lead), *Dying Swan* (soloist), *Pas de Quatre, Swan Lake,* math teacher, Modernaire choreographer — is testimony to her tireless diligence and tremendous willpower that are the tenets upon which her teaching is based. Mrs. Hauch is certainly a quite talented individual who, despite her height, should be "looked-up" to and deeply admired.

I NEED HELP. MR. BYKSTRA MR. BLABNO, CAN YOU HELP ME? MY TWO THOUSAND POUND DOG IS ON A RAMPAGE
THIS LOOKS LIKE A JOB FOR SUPER DEAN

THEY JUST DIE ANYWAY

I asked if you wanted them and you said,
"No, flowers are dumb; they just die anyway." But I know you better.

You wanted them. Somehow your words hurt me in a beautiful way.

What you said reminded me of myself, revealed me to myself so graphically, that I experienced the soul-freeing joy that comes from losing one's principles. I, too, had said the same, many times over, even though I loved flowers with their beautiful colors and their innocent fragrances.

I was locked to the principle that flowers just die anyway.

Now I feel free since you gave me the key that opened the lock that held me shackled, burdened, oppressed to my principle.

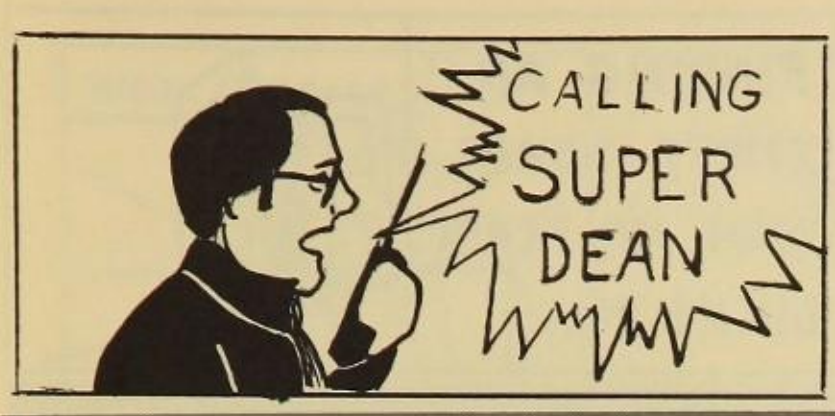
I shall never forget how tragic, how needlessly tragic you sounded.

"No, flowers are dumb; they just die anyway."

Oh, but it is a pity we have principles and ideals. We just can't smell the flowers.

Thank you for showing me to myself and how my principles hide the real me.

Flowers are nice; they live forever. — by Tony McGhee



WHO IS SUPER DEAN? A MAN FASTER THAN CARS LEAVING THE STUDENT PARKING LOT, STRONGER THAN THE SCHOOL CHILI

SAD CLOWN

As I wander through life I have found
the most desired is the less frequent to happen.
The most undesired is practically knocking at the door.
But as I ventured on, I became very confused;
I had found what I was looking for, a sad clown.

But after finding my long destined treasure,
people had changed overnight.
I became nervous and scared.
They try to help, but somehow I couldn't find the words
for the feelings locked inside of me.
This sad clown made me realize the problems and joys of life.

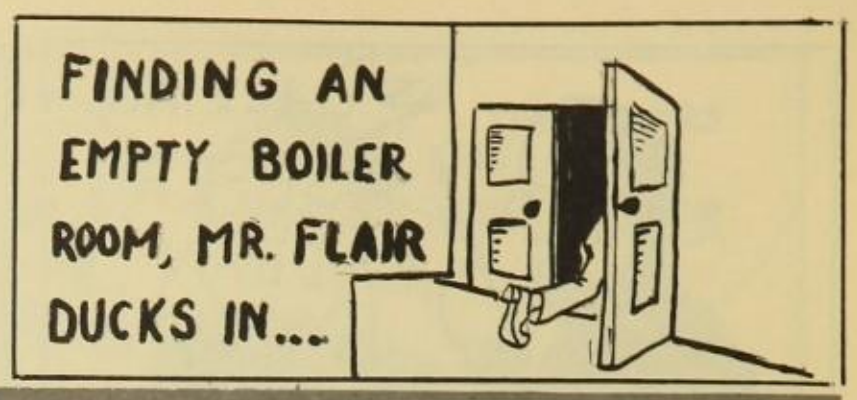
I can't say I'm in love with this clown,
But I do love him.
He made me realize a lot about people, and most of all
he made me realize this is my life and not a ball to be played with.
My first acquaintance with this clown
was a circus of many strange people.
His smile and sad eyes had broken the wall to my heart.

This sad clown will always be with me, forever.
But not in my arms, just in my memory. — Sharon Cross

UNITED WE STAND

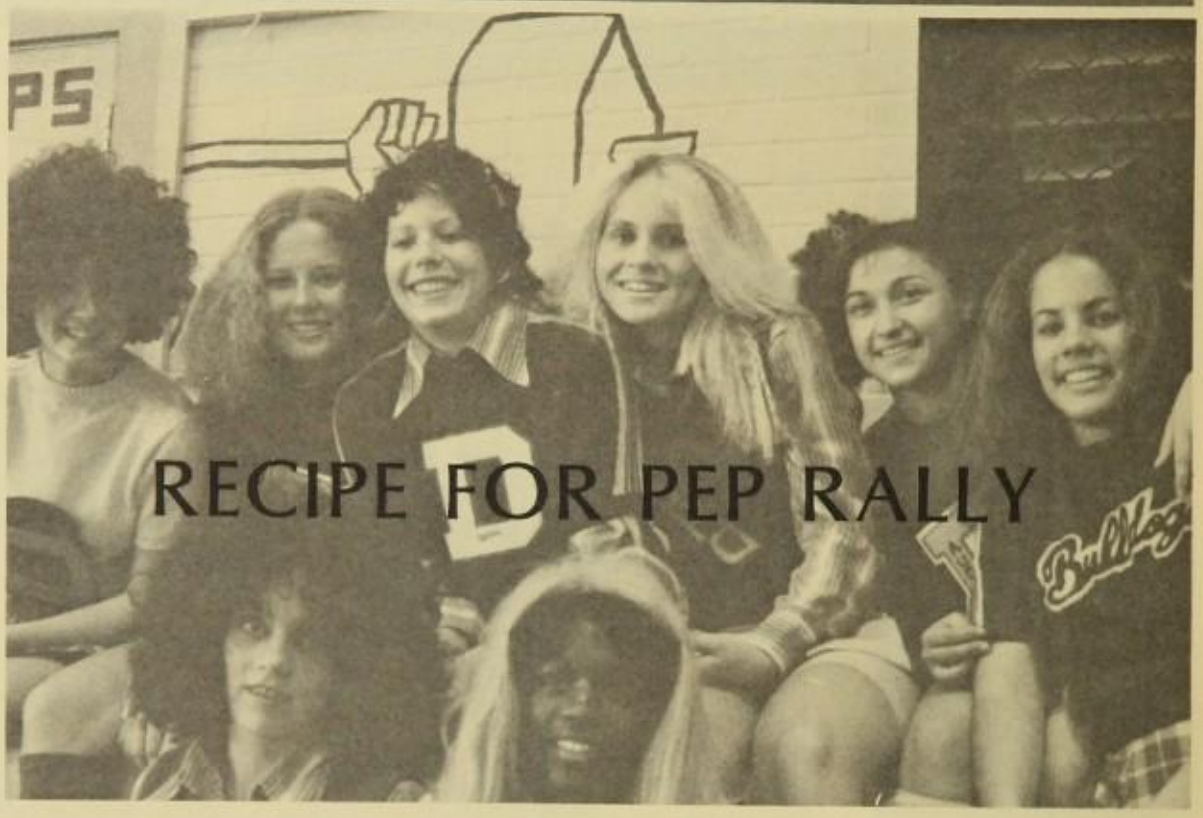
We laugh together
We cry together
We win and lose together
We are not Black, Brown, or White
But just green and gold
We are not sophomores, juniors, or seniors
But just one unit
We are one team
We are Bulldogs

— David Scott



During a recent interview with PC (Priviledged Character? Principal's Companion? Pussy Cat?), we were told inner secrets of the Main Office. For example, the best place to sleep is on Mr. Bailes' bookshelf; the best way to avoid an interview is to jump into a gutter; and the easiest way to avoid confrontation is to claw your opponent. Regardless of these good qualities, the Athenian staff is convinced that PC is the "top cat" of the Main Office.

The Graphic Arts center, located in the new wing, is one of DeLand High School's latest additions. There are approximately sixty students, who learn to do everything from silk screening and type setting to plate making and block printing. Mr. Flanders, the instructor, says that the class is 90% planning and 10% labor. Although this is its introductory year at DHS, there are hopes to expand the program to fit the school's needs.

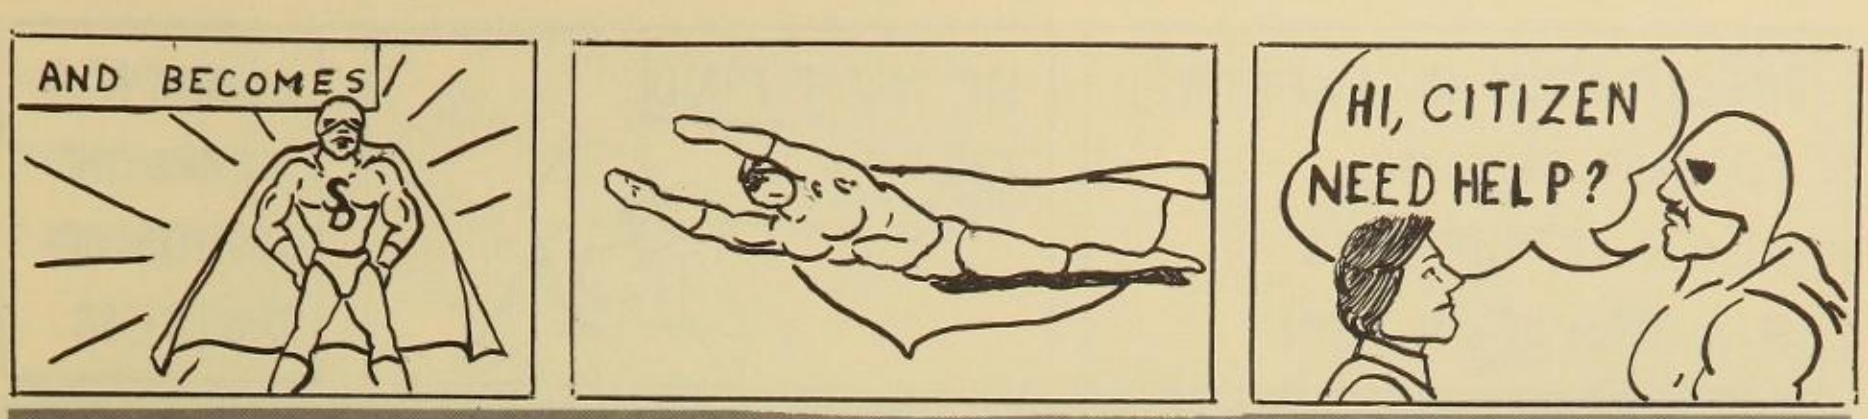


RECIPE FOR PEP RALLY

Preheat: Fire up students to 850°.
Mix: 1 gym full of students
10 cups of spirit
9 spoonfuls of smiles
1 bunch of uniforms
1 pinch of soul
1 dash of boogie
A sprinkle of chants
A stack of pyramids
A handful of cheers

Ring the bell, then mix in JV Cheerleaders; whirl in the majorettes, tune up the band, bring in the Bulldog Babes; Punch down the pom-poms; stir up the signs; dab in a few jumps.

Roll out the team; fold in the coaches; add a dash of pride; sprinkle with 2 tsp. brown sugar and 7 tsp. powdered sugar; garnish with an olive and whip the other team!



CAMPUS CORNER

MRS NANCY ST. JOHN, teacher of Food Services, and her students have opened Campus Corner, a newly-built eating facility. The students plan, prepare, and serve the lunches, which are served every Wednesday or Thursday, during fifth period and lunchtime. There is enough space to serve 40 people. Tickets for the variety of lunches may be purchased for $2. and up. Profits made from sale of tickets go back into the program.

This year marked the beginning of a new era for the DHS swim team. Now, instead of waiting for pool time at Stetson, our swim team has unlimited use of the new pool at the YMCA. The team began using their new pool on March 15, two months later than expected. Because of this delay, the Bulldogs were forced to forfeit the county meet eventhough they are the county champs. The new pool, however, is invaluable to them and will be used for practice and meets.

BULLDOG BITS VOL. II

As a more recent addition to the DHS faculty, MR. ANDREW WILLIAMS, otherwise known as "Andy Villiams" is a favorite among his students. Born in Holland, Mr. Williams traveled across Europe as a young man, then later immigrated to the United States. Leading a varied, yet basically simplistic life, he has expressed himself in many capacities: as a clerk at the New York Stock Exchange, monk, teacher, and patron of the arts. Mr. Williams has brought cultural growth to DHS. Both his English and Humanities classes reflect the intimate international flavor that he is well known for. Punctuated with foreign phrases, Mr. Williams' speech is that of a learned, intelligent "man of the world." Respected by his colleagues and pupils, Mr. Williams leads a very active life. Aside from being an instructor here at DHS, he also teaches a DBCC Humanities course, takes classes to further his own education, corrects mountains of papers, sponsors Junior Civitan, and cares for his family. Known for his outbursts of "Shut up, you!" Mr. Williams tries to temper wisdom with tact, patience and authority. Humor is another element of his teaching methods: gentle sarcasm livens his classroom. For his knowledge, humor, and achievements, the *Athenian* honors MR. ANDY WILLIAMS, voice of the outside world.

Jack who? PITTMAN, JACK PITTMAN! You know, the prominent male senior known so well and loved by us all. Over the past year, Jack has endeared himself in the hearts of every member of the DHS Senior Class. Jack Pittman must leave with the class of '79. The memory of his shining smile and his ringing laugh will never leave the hallowed halls of Dear Old DeLand High School.

Carnival was presented by the drama and music students of DHS on March 16th, 17th, and 18th. The show was under the direction of Mr. David Martin and Mrs. Beth Brothers. Also included in the production were the talents of the stage orchestra, construction, and advanced art classes.

Carnival, a Broadway production, is a story of a young girl who runs away to the French countryside to join a small road show. Throughout the story, her feelings go from love to hate towards the young puppeteer who expresses his feelings for her through his puppets. The puppeteer has an old companion who instructs him on the way to let Lilli know about his feelings.

The musical score included "Humming," "Magic, Magic," and "Love Makes the World Go Round," a favorite of all. The puppets who have singing parts throughout added a pleasing touch. They were built and designed by Jim Atkinson.

DHS students wish to express their thanks to Mr. Martin, Mrs. Brothers, the cast, the chorus, and all who participated in the production.

Despite the days when they just "didn't feel like running," Cindy Jurss and Bunny Bradov have run their daily quota: Cindy, from four to seven miles and Bunny, from four to nine miles. When speaking to Cindy, a ranking state champion, one immediately notes the enthusiasm and perseverance of a champion who still holds the promise of radiant accomplishments. Bunny, who is currently ranked fourth in the state is an extremely strong, endurance runner, who easily withstands the torture of long distance races. For their continuing strength and physical tolerance, the *Athenian* salutes Cindy Jurss and Bunny Bradov.

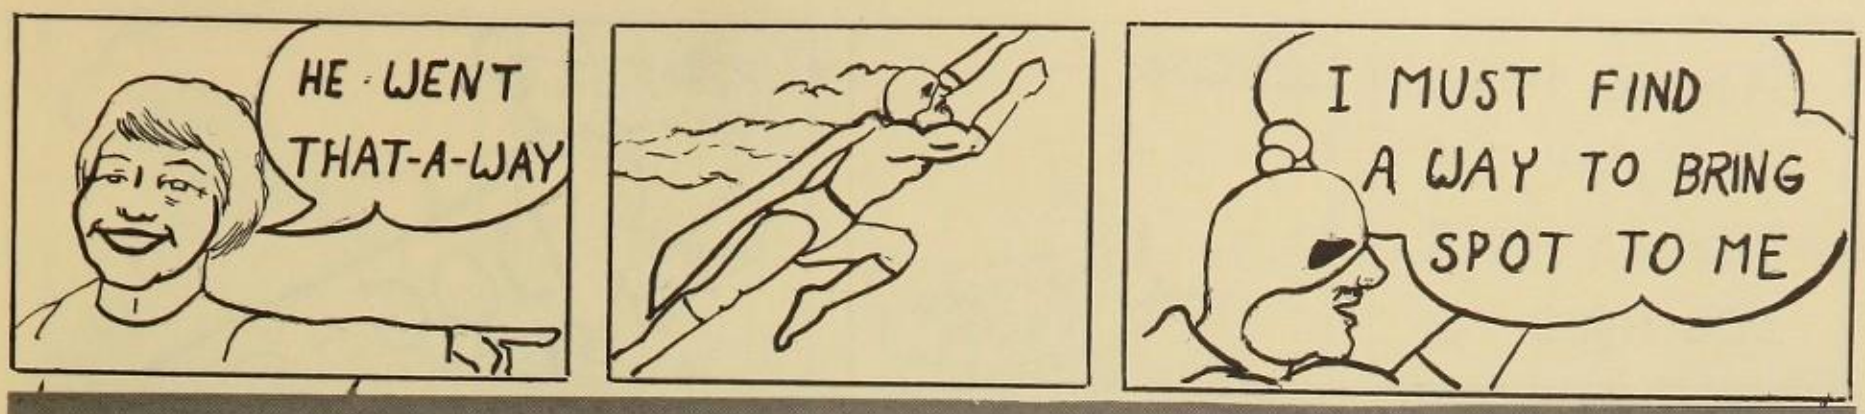
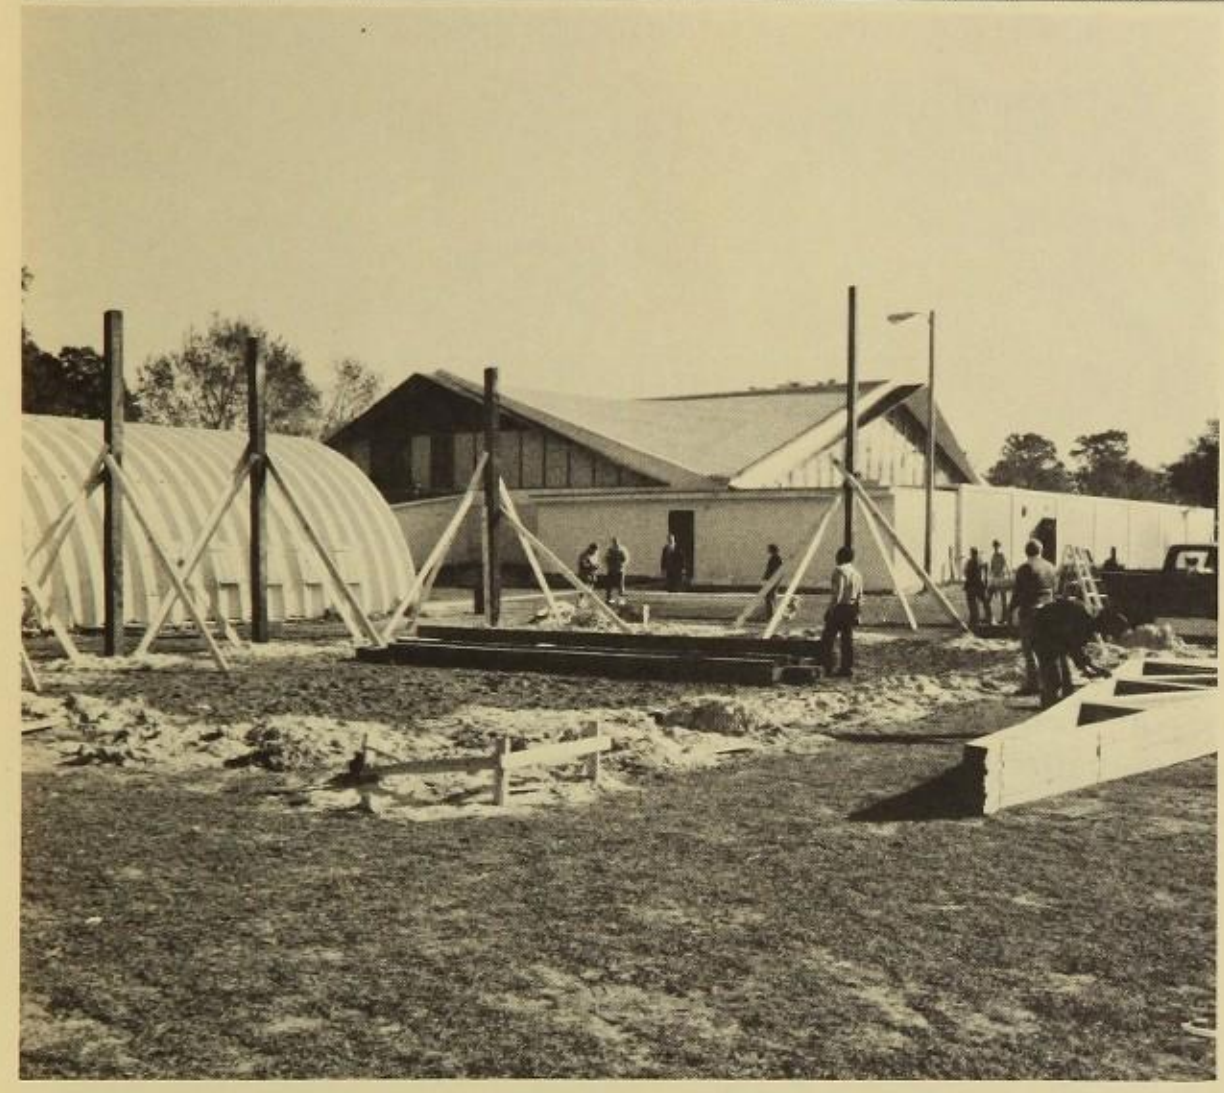
1978 marks the year that two Popes were consecrated. After 34 days as head of the Roman Catholic Church, Pope John Paul I died of a heart attack. Pope John Paul II was consecrated and is the first non-Italian Pope in 456 years.

Since the creation of the Earth, man has been fascinated with the ocean. Swirling seas allure fishermen and sailors alike, to seek their fortune on the turbulent waters. In recent years, however, the shores of oceans, commonly referred to as "beaches," have become habitual habitats for sun-seeking, fun-loving millions who flock there at every opportunity. Here in Florida, the beach is a way of life: girls plan for their upcoming wardrobes before the start of the season, surfers test the waters regardless of sharks and other natural menaces, boaters prepare their crafts before embarking on the silent sea. The beach is a heaven for all those seeking the lighter side of life, whether in the water or hiding behind their sunglasses. The beach is Florida!

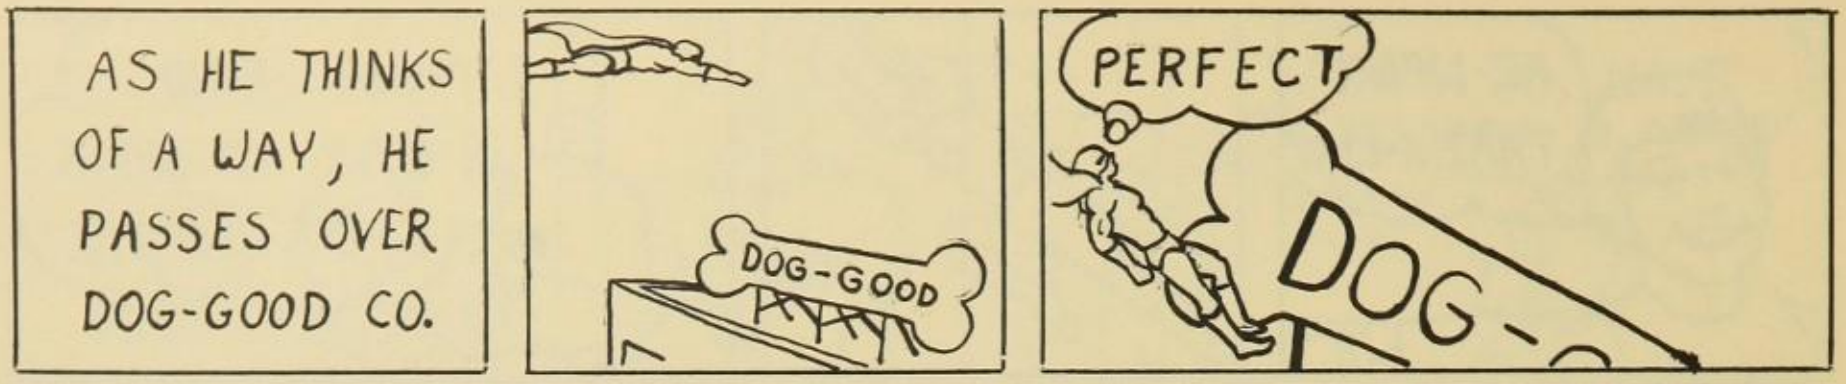




For the past two years Modern Dance and Avant Garde students have sold cheese and sausage, stick-pins, mugs, movie passes, plants, held car washes, covered-dish dinners, disco dances, weeded ferneries in order to raise $11,000 to finance construction. The remaining funds were donated by business, industry, and individuals of the DeLand area. Groundbreaking took place on February 8, 1979, and occupancy is expected by the end of the school year. Although the concept of a separate dance facility was the "brain child" of Mrs. Virginia Sharpe, the new dance instructor, Mrs. Donna Miller, has shown tremendous effort to perfect the final touches.

Hearts and flowers! Valentine's Day was enlivened by Anchor again this year as they distributed carnations to all those lucky students and faculty members honored by friends and sweethearts. Over 390 various colored carnations were delivered. Again Anchor helped prove that people are sentimental and do care at DHS!

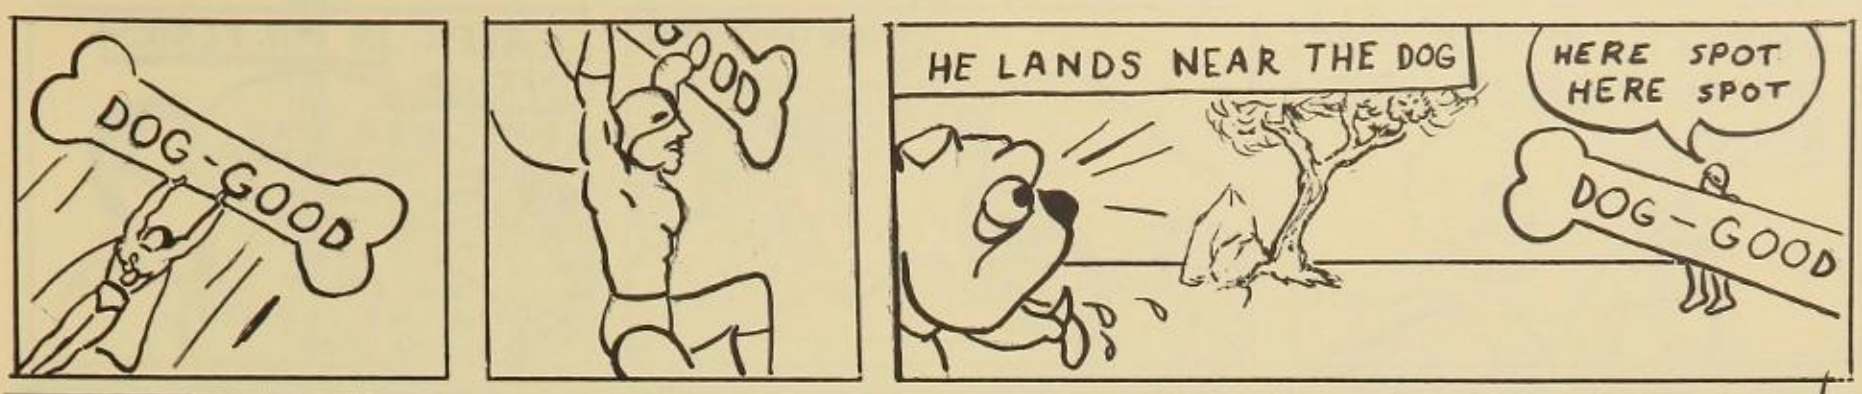
The *Athenian* staff would like to congratulate RENEE REGISTER on being awarded a $4000 scholarship to Eckerd College



Everyone knows an Attic holds relics from the past. Athenian staffers have been collecting a miriad of unforgetables, objects as well as occurances, to store in their Attic for posterity. "Foots" donates his bad blue film wagon, Ron leavees 1,000 2 for 1 film coupons, Cindy leaves 27 fad diets, Coni leaves her personalized wheel for next year's crop, Cathy donates her ability to type copy, Lisa E. leaves her finess in dealing with advertisers, Lisa F. leaves her sleeping bag, JoAnn Mary leaves her camera bag for film trips, Randy leaves his 10 pseudonyms, Becca leaves her absences, Jinni leaves her "Prunettes" to Aunt Carole, Aunt Carole leaves the elevator man to future chaperones, Betty leaves an empty bud vase, Mari leaves her winning ways with sponsors.

The Christmas Party, highlight of the staff's social season, produced a poem to be left to posterity: "The 12 Deadlines of Christmas." We place it in the attic.

Six Athenian staffers journeyed on March 12, 1979 to New York City to participate in Columbia Scholastic Press Association's 55 Annual Convention. Babs Pickels, Betty Eborn, Jinni Chinelli, JoMarie Kinsey, Cyndi Johnson, and Lisa Ford attended seminars for two days with 3,000 other students from throughout the U.S. In spare time, the staffers attended Broadways Shows including "DA," "Annie," "Crucifer of Blood," "Kingfisher," and "Chapter Two." They toured upper and lower Manhattan, the United Nations, Statue of Liberty, Museum of Natural History, Central Park, Wall Street, Cathredral of St. John the Divine, St. Patrick's Day Parade and many others. From Saks to Macy's the group enjoyed big city shopping. As an attic item, none of the staffers will ever forget the experience.



Where are those proof sheets? . . . What do you mean you lost them? . . . Listen gang, this is the last day to order pics before the next deadline . . . I worked 27 hours straight yesterday and they're gone in 5 seconds . . . I'll get the fly, where's my rubber band? . . . Do you think we could limit the calls to the studio to a dozen a day? . . . I'm on a diet; I can't eat; Have you got another donut? . . . There's Jo's camera; She'll never find it this time!! . . . Truck stuck where? . . . Let me sniff your crumbs.

At Christmas TERRY FOGLEMAN played the role of an angel at the *Anthenian* staff party, but more important, Terry's role as professional photographer for the yearbook encompassed over 20 hours weekly from September through February. Taking pictures, proofing them, printing them, enlarging them, and creating imaginative shots made our "Angel" an invaluable asset to the yearbook staff. Thanks Terry!!

Rosanna Banana

Closely related in speech and image to Rosann Rosanna Danna, Jinni Chinelli is a *Saturday Night Live* influence in the yearbook office. It is not uncommon to hear Jinni expound the latest episode of her favorite character in *Saturday Night Live.* Comments like "We're having 'toenails' in our meatloaf tonight," add comic relief in a sometimes pressured deadline situation.

Various people have contributed to the production of this year's *Athenian.* For their support and assistance, the staff extends their appreciation to: JIM ATKINSON, CLAIRE HAYES-JOHNSON, BRAD KNOPP, BRIAN KNOPP, LAURA OLSON, PHILLIP SMITH and all the others who donated their efforts.

Sharing the responsibility of editor for the '79 *Athenian,* BABS PICKLES and BETTY EBORN have done more behind the scenes than center stage. For every hectic deadline, every crisis situation ("I can't find the pictures . . ., what is the reduction ratio . . . what do you mean I need copy? . . . or count the characters?") Babs and Betty stood solidly behind their desire for a superior finished product. Undoubtedly, these fine young ladies deserve a round of applause from all of DHS!

ANCHOR ALWAYS

Anchor Club is a very active service club at DHS. The Anchor Club visits Carol's Care Center once a month to play bingo and walk patients. Anchors have monthly bake sales and many Saturdays are spent painting the school parking lots. At Christmastime, Anchor makes Christmas candy-cane pins for teachers and holds the annual Anchor party for Anchor Alumni.

Anchor is: License plates . . . yellow globby paint! . . . Cheese balls . . . What's a bake sale?? . . . 3 pounds of Halloween cookie dough . . . Where are the napkins?? . . . Eating 3 pounds of Pink Panther cakes.

The close-knit service club, Interact, under the supervision of Mr. MacDonald and sponsorship of the Rotary Club, reflects the meaning of their club name. As a smaller section of DHS life, Interact reflects the idea of people working together, "Interacting" with each other.

Despite the small number of members, Interact created a car float which, when entered in the Homecoming float contest, won third prize for its division. Interact performs practical service tasks for the benefit of DHS: cleaning out the loft in the auditorium, labeling classrooms, offices and other rooms around the school, donating funds to send the basketball team to New Jersey, and serving coffee and doughnuts to the faculty during ISE day. Regardless of the membership size, Interact manages to prove their interest and allegiance to the school through the vital functions they perform monthly at DHS.

"J-U-N-I-O-R-E-T-T-E-S, Juniorettes, Juniorettes.
We're the best 'cause we're Juniorettes."
This song is sung by all Juniorettes in honesty. Yes, we are the best, we are the number one service club to both school and community, that fact is well-known at DHS. When we look back over the year, we see a lot of hard work: the Keyette Talent Show started us off. "Juniorettes is the word." All those practices, making outfits, putting it all together; teaching David to fall at Kim's feet; Mike to face rejection; Scott to swivel his hips in greased lightening and Phil to hold a straight face with all those "beauties." But all that work turned out GREAT! There were all the carwashes, our super Coffee House Disco, our morsels to the teachers twice a month (or more), entering all Homecoming activities and winning the skit, spending an hour each Monday at the Duvall Home to help those less furtunate than ourselves. Every Monday night meeting is a new adventure. If you were there, you would most likely hear those famous last words: Hello Byrds! Duvall, we need 13 people ... c'mon, let's go. Cookies are this Wednesday ... good ones now ... no flying saucers! Oh, Birthday Bunny!! Who said that? Schmitt, 25¢ ... c'mon, c'mon! Where's Mr. Jamison? Over there behind Mari! When are pickups? Shhh! See ya next week ... see ya tonight at Mac's. P.S. A special thanks to Tom Murphy!

"BUILDERS OF GOOD CITIZENSHIP"

JUNIOR CIVITAN is certainly an active service club at DHS. Their monthly activities include making banners for football games, repairing books for the English department, serving refreshments to teachers on I.S.E. days and numerous other activities. Junior Civitan members also spend their Saturday mornings at the Duvall Home, taking the patients for walks around the grounds. Other projects include giving various holiday parties and donating money to the Duvall Home raised from the annual Volleyball Marathon. Junior Civitan members uphold their motto: "Builders of Good Citizenship."

Jr. Civitan is: Puffies . . . Hey Debbie, let's disco! . . . D.S. and her wonder buns . . . Hubert and Wilbert . . . Marcia and Betsy, where's the food? . . . 4 V.W.'s? . . . Vangi, how's the spaghetti? . . . did you get a gas station? . . . Mr. W; a stud???

"YOU'RE IN THE KEYETTES

Keyettes are "chosen people," from the often surprising and turbulent "pick-ups" through the weekly meetings, special events, contests, and service projects the Keyettes perform themselves or in conjunction with their brother club, Key. In this year's Homecoming activities, Keyettes won first place for the second straight year in the gym decorating contest, and third place for the car float they constructed jointly with Key Club. Keyettes donate their united efforts to: collecting money for the Heart Fund, selling fruitcakes for their sponsors, Kiwanis, choosing their "Keyette Kasanova," rewarding the Keyette teacher of the year (last year's choice was Mr. Dessert). Beside the arduous work projects (compiling 3000 handbooks during the summer, selling refreshments during basketball games, and painting trashcans, much devotion is displayed by the Keyetees continual visits to Van Hook School where they bring laughter and enjoyment into the institution. By the mere mention of these activities, it can easily be seen that a Keyette's life is one of constant motion.

The DeLand High School Key Club chapter has got to be one of the busiest service clubs in the school with its many activities including: disco dances, car washes, the building of the Key-Club — Keyettes Homecoming Float (which won third place this year), sponsoring a Brazilian fifth grader through the Christian Children's Fund, Inc., selling fruit cake for Kiwanis Club, painting the bleachers at Conrad Park, assisting the Kiwanis Club with the Junior Olympics, helping teachers move furniture and equipment during pre-planning and sweeping the parking lots. Key Club also helps to further their knowledge by attending Key Club Conventions: Jeff Raines and Carey Nutall attended the District Convention in Orlando; Mark Guenther, Gray Edmondson and Alan Rodriguez were present at the International Convention in Miami, and Key Club delegates represented DeLand High School at two District Rallies in St. Augustine and Spruce Creek high schools. Key Club and Keyettes sponsored Mark Guenther in the Mr. DHS Contest. Still, with all these diligent enterprises, Key Club members spend their Monday nights planning *new* projects.

THE DHS MODERNAIRES is a working family of sixteen singers and four accompanists performing under the direction of Mr. David Martin. Membership in the Modernaires presents a year of fun, new friends, travel, endless smiling, stepping on your partners' toes and countless hours of hard work. Each member of the Modernaires is devoted to creating the finest performing group possible, because standing ovations, invitations to sing across the county and superior ratings at State Contest come only with the dedication and determination the Modernaires display.

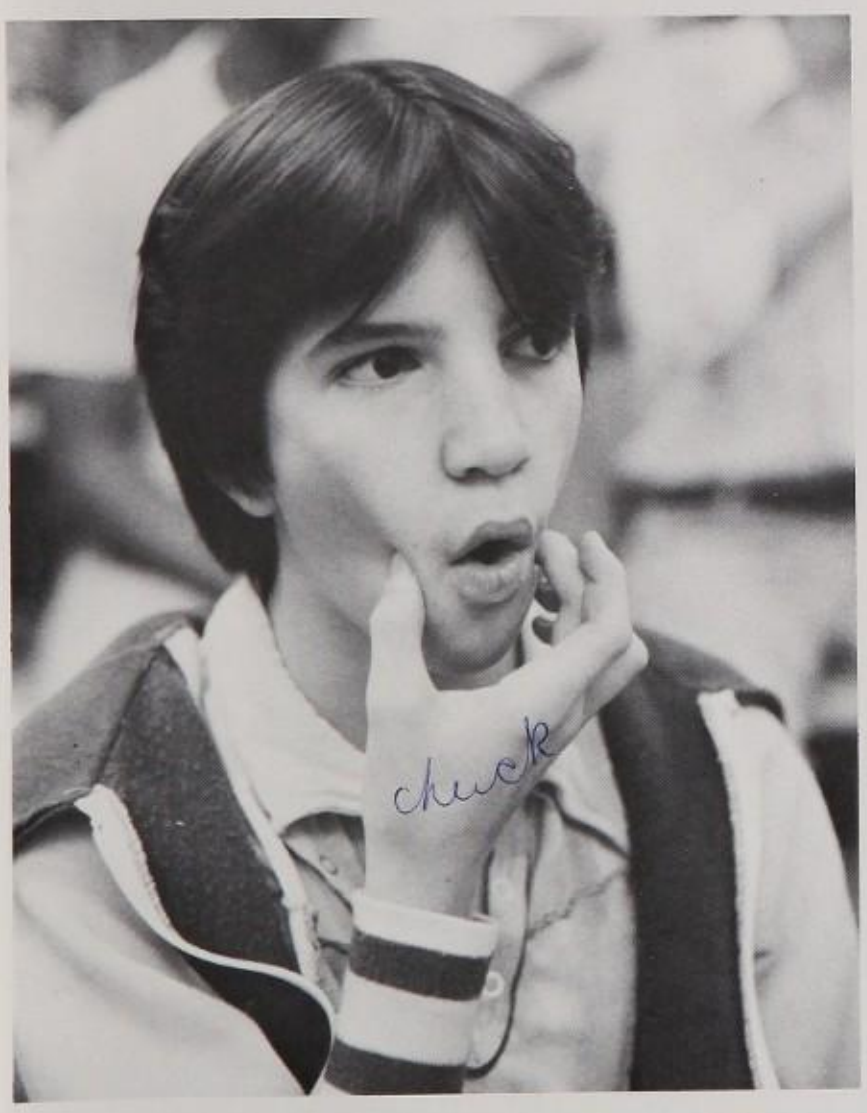
WITH A SONG IN OUR HEARTS

Daily in the chorus room, forty-five harmonious voices under the direction and expert supervision of Mr. David Martin, blend to enhance the listening pleasure of DHS attenders. ADVANCED MIXED CHORUS participates in a district choral competition under their official name, the "DeLand High Singers." Two of their artistic contributions are their concerts, held to celebrate Christmas and to herald the spring.

ANOTHER NOTE FROM BEGINNING CHORUS



Once it begins, learning about music never ends. Mr. Martin works with members of the DHS beginning Chorus laying a firm foundation and building an education and a love for music.

BELIEVE IN MUSIC — GUITAR

Expanding another area of DHS music education, a group of students gather with their teacher, David Martin, in the chorus room. They do not sing; however, they are learning to use a different instrument — the guitar.

The term FASHION PLATES is an old established term used about women who had style. It was quite a compliment to be called a Fashion Plate. So it is fitting that the newest club on campus be named the Fashion Plates.

This is a team of models selected from the modeling classes. To be chosen as a Fashion Plate, the students had to meet club requirements, be recommended by teach ers and be chosen by a panel of judges. The Fashion Plates will be performing for school programs, local organizations and merchants.

It is a sheer compliment to be a part of the long time group of stylish women.

"Deutsch uber alles!" was certainly the battle cry of the club this year, with a big *Oktoberfest* and, of course, the best club float in Homecoming '78! This is a special year for the victorious *Kriegers* who gather in A-210, for we welcome as our new Fuhr, Mrs. Mullen, who has replaced Mrs. Leisher as German teacher. Even with the change in leadership, der Germanische Verein continues to dominate other language clubs. Our raids on French and Spanish Clubs are quite well-known, and are something to behold.

In addition to the *Oktoberfest* and Homecoming, our Verein will participate once again in the language festival at Spruce Creek, and at the International Banquet here at D.H.S. We will also hold our annual inductions ceremony for the German Honorary Society-Delta Epsilon Phi, in the spring. Perhaps a rather small group, we boast the finest club jerseys, the best volleyball team in the language dept., and the wildest drivers. "WE'RE WERDEN ALLE SIEGEN!"

Standing: Mike Long, Bryan Long, Betty Eborn, Tim House, Mary O'Connell, Tim Sylvia, Mike Lewis. *Sitting:* Cindy Purvis, Jenny Stewart, Cindy Collins, Lynne McCain, Marina Garrison, Keni Browning.

As a language club at DHS, LATIN CLUB does not need to render service projects for the benefit of the faculty and students. Although Latin Club does not seem to have forgotten. But the remnants of this civilization, the ancient, vast empire of Rome invade our daily lives, primarily through our language. From a quick glance at the Latin Club jersey, one may instantly become bewildered at the lettering and symbols "SPOR", which means "the Senate and People of Rome." Even the colors of the jerseys are symbolic, maroon or deep purple representing wealth and power, and gold symbolizing power. The chariot, a method of transportation in archaic Rome, was the basis for the Latin Club Homecoming float, which won second place in its category. Sponsored by Mrs. Disney, Latin Club participates in two major fields of competition: language forums and volleyball tournaments. The volleyball tournaments are staged against the other language clubs, with the Roman gladiators battling their adversaries in the fierce Roman tradition.

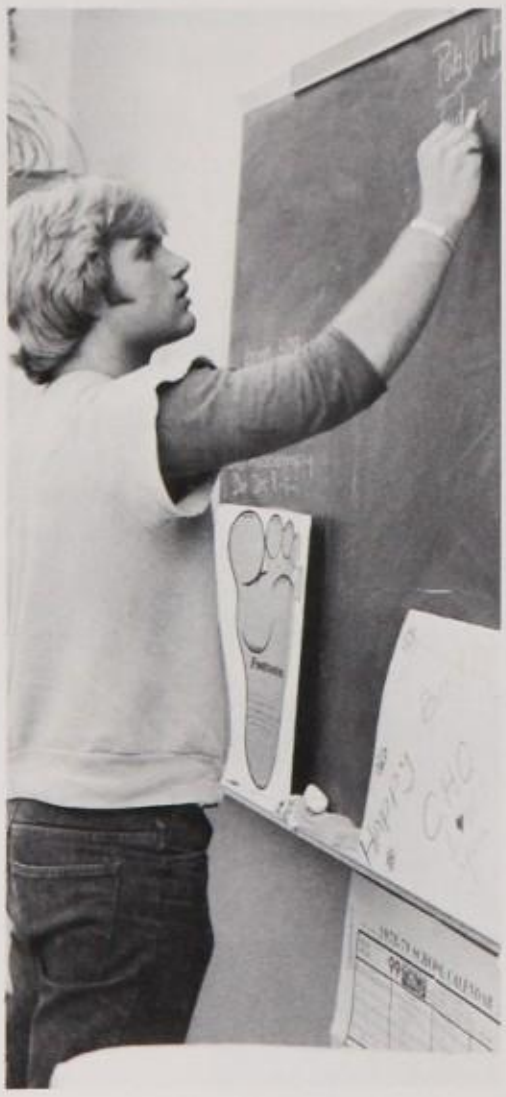
THE VOICE OF THE STUDENTS

Co-sponsors: Mr. Dessert and Mrs. Atkinson.



Brad,

Even though you've been mean to me this year, I decided to sign your yearbook. Next year I hope you will have time to remember a pencil before math class. I must've loaned you a million pencils this year! Take care, Brad. Have a super summer. Love, Linda

STUDENT COUNCIL, sponsored by Mrs. Atkinson and Mr. Dessert, is the voice of the students. Early in the year, an election is held in which all of the student body vote on their choice of class representatives and officers for the year. Many activities are sponsored by Student Council during the year. They planned and coordinated the homecoming, Growl, parade and halftime presentation. Another event actively participated in is the Miss D.H.S. contest where junior girls compete for the coveted crown.

What does Avant Garde mean? According to the definition in a dictionary, it represents a group of performing artists, regarded as tops in their field. Here at DHS we are the girls who worked hard to belong to a select group of dancers. We are not just a group though; we're a family working together, lending a helping hand when it is needed — just having plain ole' fun. We, along with the rest of the Modern Dance classes, perform in two shows per year. When we are not preparing and rehearsing for this, we always are busy with something else. We started off this year with the first of many "Last Dances" at homecoming. We rocked out in jeans to "Hand Jive," got silly in "Muppet Show," and showed our sexy side in "I've Got Your Number." We've done some traveling, too. Whether it is just to local junior highs, or all the way to Ft. Myers, Avant Garde just isn't a dance class — it's a complete learning experience; we learn the difference between our right and left feet. We also learn how to get along with our fellow performers.

Avant Garde was also proud to have three new members, and all boys! Thanks, guys, for being the best partners we girls could ever have!

Finally, the Avant Garde would like to give our sincere gratitude to Mrs. Miller for doing a great job in her first year at DHS. And all our love to Mrs. Sharpe, without whom none of us could even be called DHS Dancers.

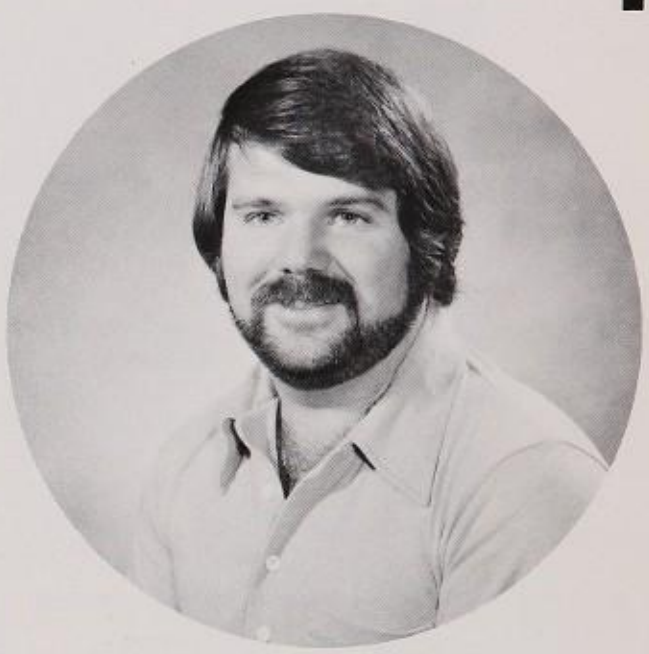
A CONTEMPORARY IMPULSE

The '79 PROM COMMITTEE planned, arranged, and brought to reality an *impulsive* night of dancing and fun at the Contemporary Hotel in Walt Disney World. March 23, 1979 was the big evening for the DHS students. They were entertained by the musical group, "Impulse." Thanks to an industrious Prom Committee headed by Sue Yencha, the Prom was, again, a huge success.



The 1979 Prom Committee would like to express their sincere thanks to Mr. Jamison. Without his help this year, as well as in the past, the Prom would not have been possible. Thank you for all your help.

DRAMA CLUB PRESENTS

DRAMA CLUB personifies the soul of the performing arts, by the very spirit, the concept of the stage. Rather than divide their efforts between building a float and creating a Growl skit, the corps decided to concentrate on their professional endeavor — the Growl skit. Their labor paid off in the form of honorable mention in the skit competition. Already at the premiere of the year, plans for their autumn production were beginning to transform themselves from mere ideas to reality: *The Odd Couple* was staged November 29 through December 2. The spring musical, *Carnival,* a true extravaganza with talented actors, dancers, musicians, and singers, was presented in March. Certain experienced dramatists participate in National Thespian Society — an honorary society for drama students in all aspects of theatre.

SCIENCE CLUB is a club open to all DHS students interested in having a good time. There are meetings every other Thursday during lunch. Activities this year have included the annual trip to Juniper Springs in Ocala, as well as a Christmas party. The canoe trip at Juniper proved to be a slightly chilling experience as it was a bit cold that day; however, that did not stop the stubborn crew from going into the water . . . Some needed a bit more encouraging than others! As you can see, the picture session also turned out to be a damp experience for some members. Once again our sponsor was Mr. Sponsler, better known as "Sponz" . . . The officers this year are: President — Marina Garrison; Vice-President — David Clayton; Secretary — Cathy Schlipf; Treasurer — Betty Eborn; Sgt. at Arms — Ivan Bradley; Co-Chaplains — Jack Pittman and Mona Herdman; Mascot — Jenni Hurka.

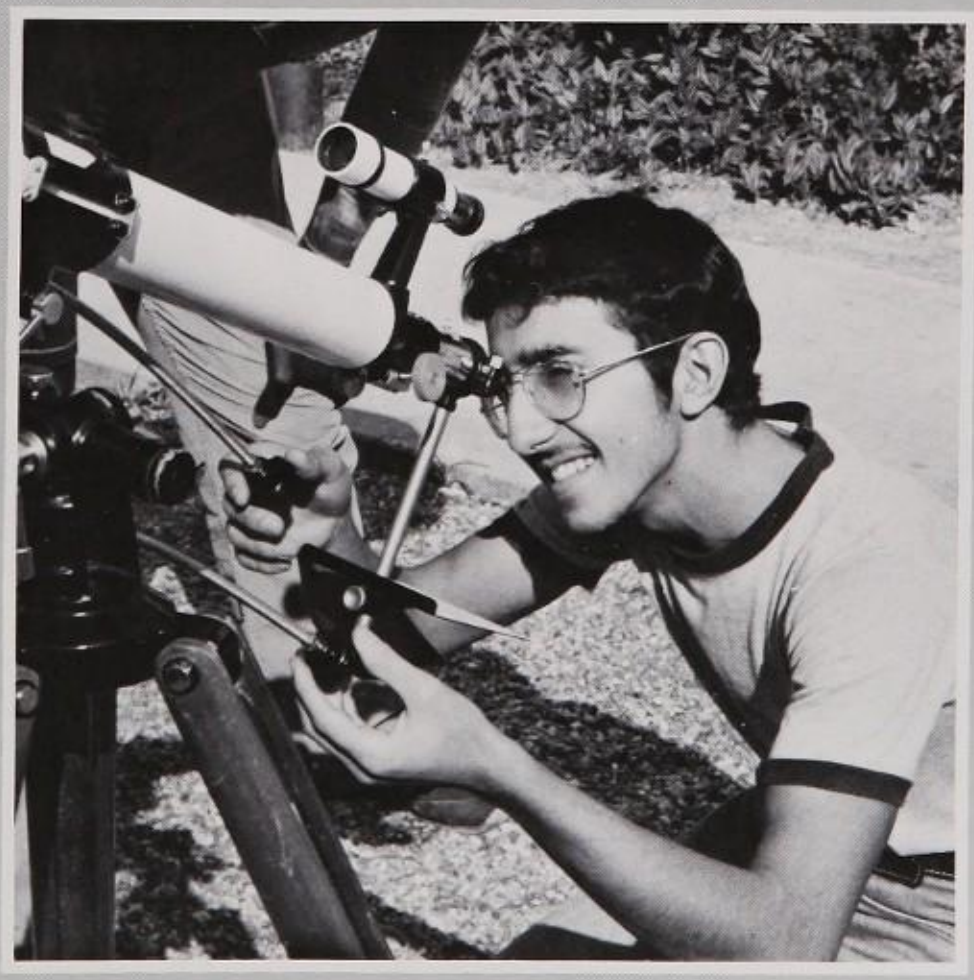
ASTRONOMY CLUB, one of the newest groups of DHS, is certainly one of the most interesting. Their activities include: weekly meetings with discussions on astronomical topics, weekend trips to area planetariums, and "star parties" where members observe the sky through telescopes.

As a fund-raising activity, Astronomy Club has sold posters and postcards. They also had a "star" cookie sale to help defray the cost of a camp-out under the stars in February, where the members observed heavenly "bodies."

"I bet mine's bigger than yours!"



DHS STUDENTS CREATE

The ART CLUB consists of all the second year art students here at DHS. Some of their projects include painting the windows in the lunchroom at Christmas or participating in the Volusia County Fair. The Art Club has also been active in making many of the backdrops for DHS skits and plays, one of which was the Keyette Komedy Show. Their sponsor, Mr. Sharpe, keeps them on their toes which helps to make the Art Club a cultural asset to DHS.

Human Relations Advisory Committee's major project for 1978-79 is the extablishmentd of a HRAC room. This is an area within the school formed for the benefit of the students — a room with a comfortable, nonrestrictive atmosphere.It is manned with facilitative listeners who will help students solve their problems objectively. Now we hope to extend our horizon much further by working with other schools and the city. The Human Relations Advisory Committee works under the direction of Mr. Fair and Mr. Dykstra, with the assistance of Miss Phelan.

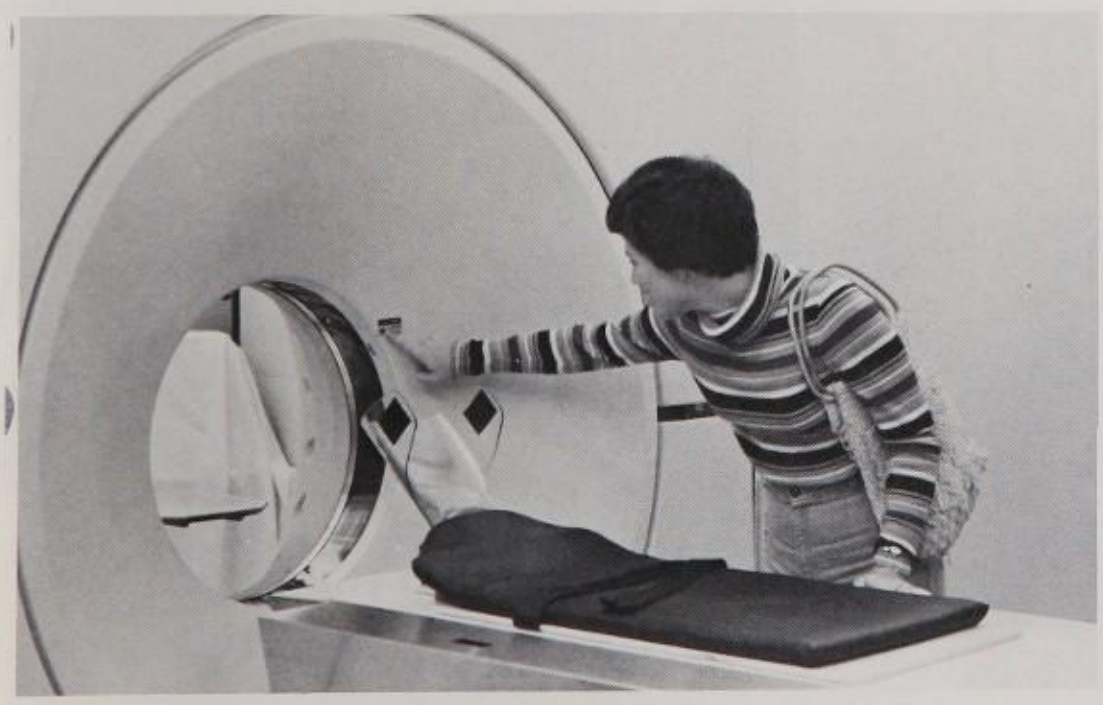
LITTLE HEALTH ON THE PARAMEDICS

I should have been here-

(Boy, do I wish I was here!!)



PARAMEDICS is a club interested in health related fields. On one excursion, the Paramedics travelled to Halifax hospital to observe the modern equipment in the Radiology department. Each year, members of this group type blood for other students. Paramedics meet every other Tuesday, in B109, to discuss plans for activities such as car washes and other fund raising ideas as well as trips. Hopefully, some money can be donated to the biology department for the purchase of new equipment. Science Club and Paramedics had a great Christmas Party to celebrate vacation and hopefully the clubs can get together more in the future.

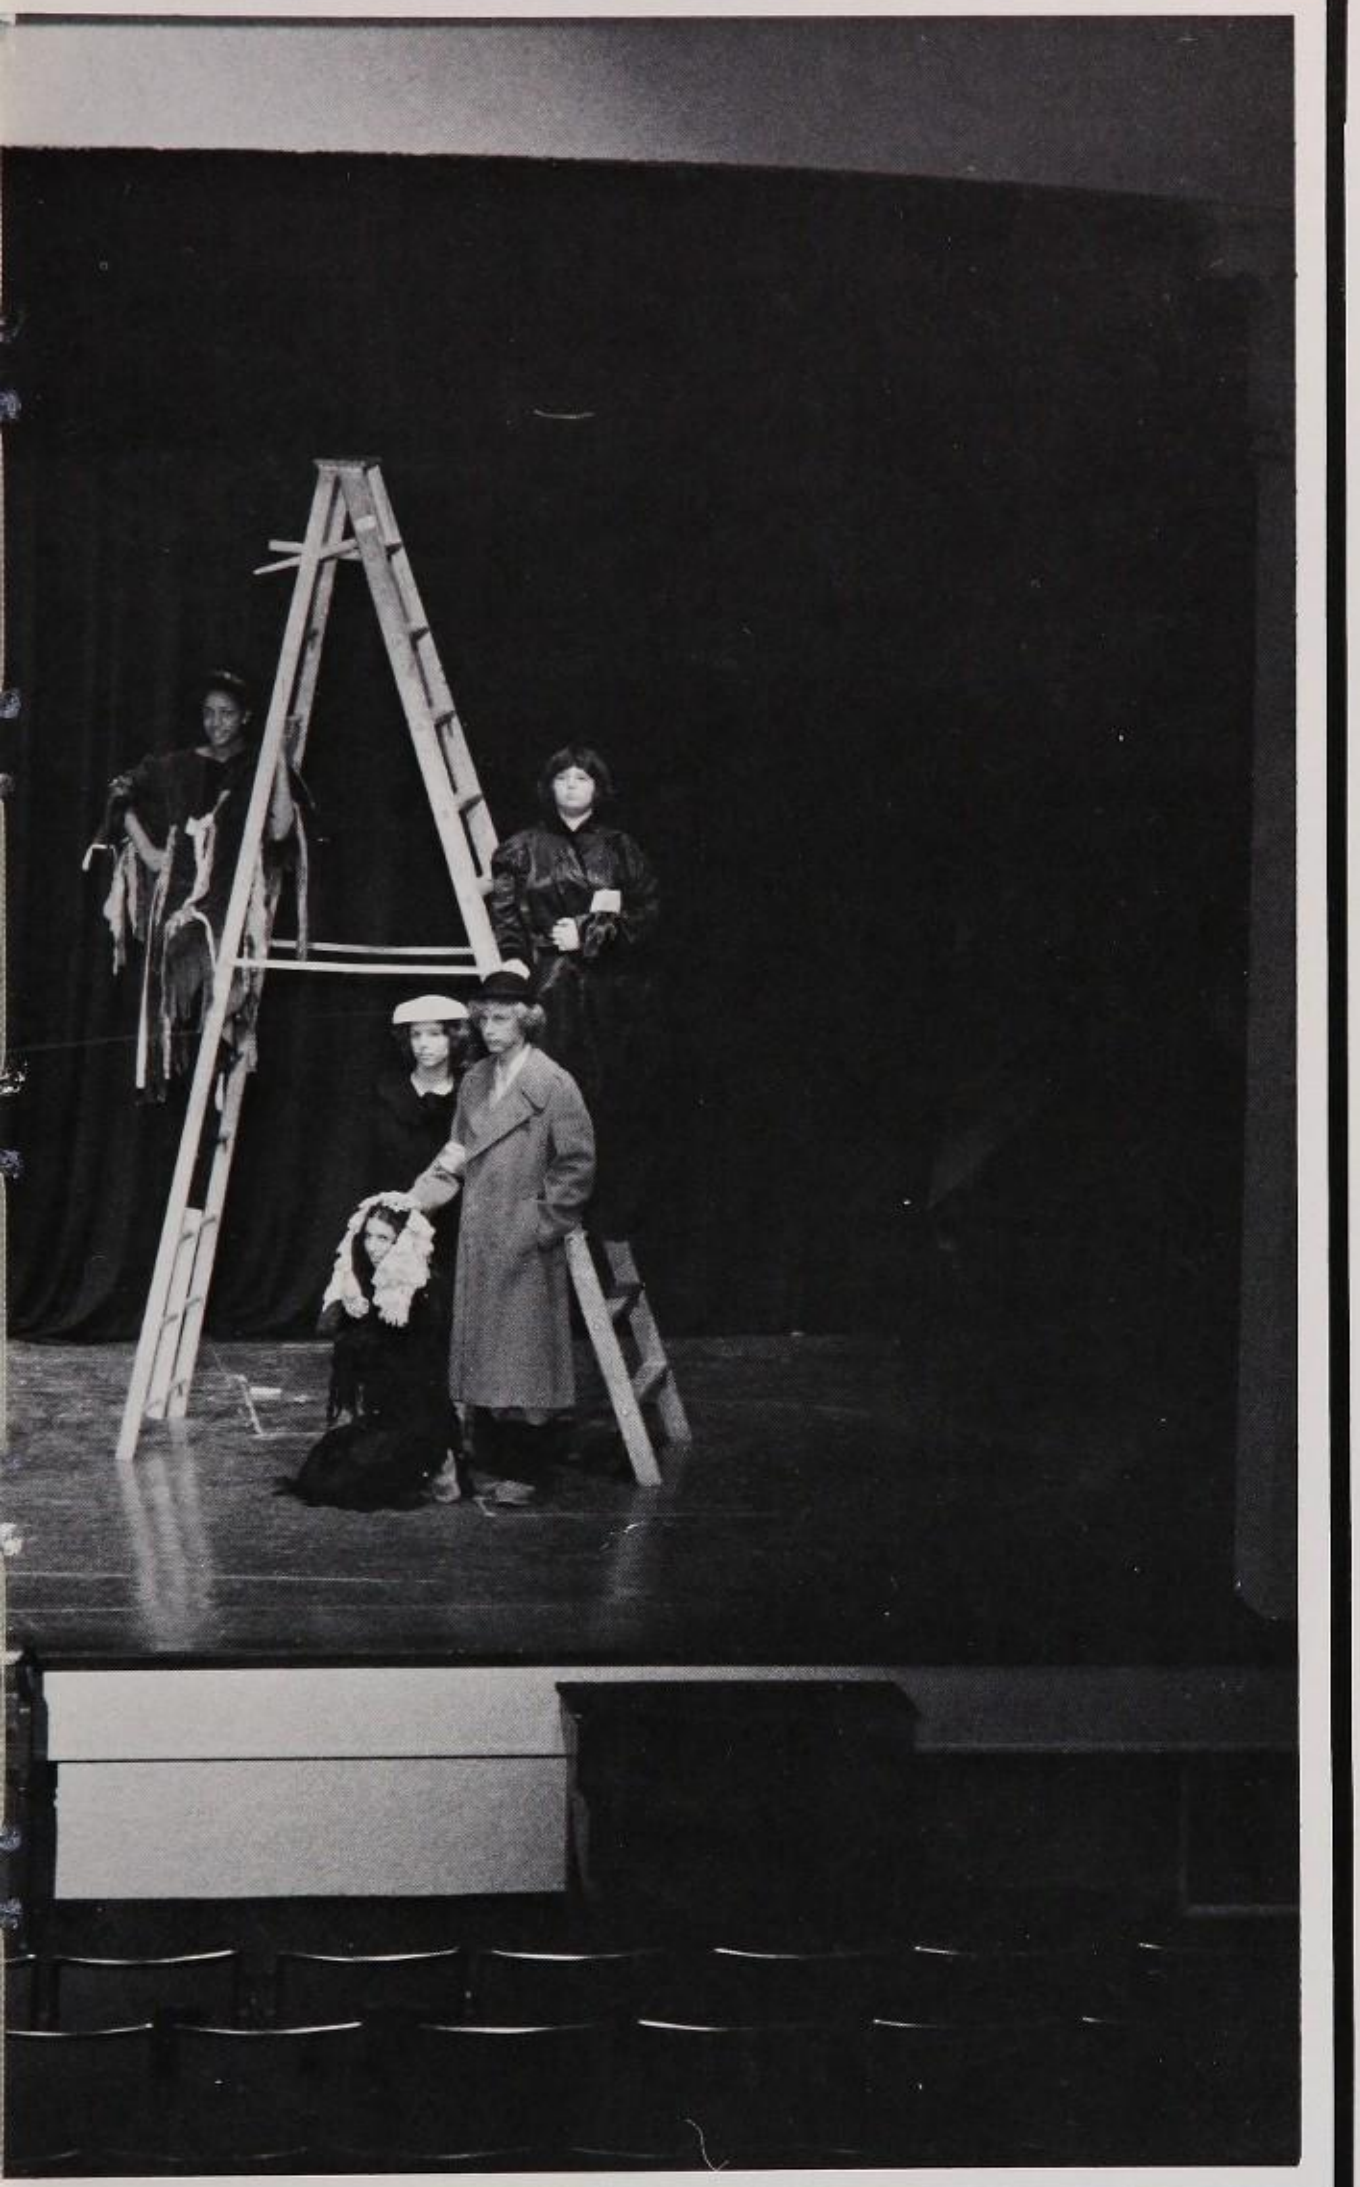
FBLA GROUPS A, B, and C work together on their projects in both school and outside activities. In school, the members learn to utilize business machines, such as typewriters, calculators, duplicators, and mimeographs. Their outside activities include trips to the Duval Home and DeBary Manor while sponsoring school events such as Mr. DHS. Many of the students from the FBLA groups attend the district meets held at Spruce Creek to show their ability in clerical skills.

ATHENIAN STAGES



WILD & CRAZY PEOPLE

Whenever anyone enters the jungle of the *Athenian* office, their first thought is likely to be "wild and crazy." After all, anyone would surely have to be totally "insane" to do all the work the staff does. Of course, the *Athenian* staff has lots of fun — Secret Santas, Terry's word games, brainstorming — but they also work until midnight to get pages finished before deadlines. The job of an *Athenian* staff member varies from selling ads, setting-up picture-taking dates, and drawing pages, to writing copy, identifying pictures, and figuring characters for copy. Meanwhile the staff's grades fall drastically and nothing ever seems to get finished! So . . . when does the yearbook get worked on? Other than the single class period, the staff spends their evenings and weekends slaving over the pages — goodbye Saturday nights!! The staff soon "eats and sleeps" *yearbook!* While one deadline is a week overdue, the next is only four days away!

Anyone may walk in and discover the staff eating cookies or shooting rubber bands, but it takes unending energy to do what they do! Few people actually realize the importance of a yearbook; yet everyone expects the best when May comes and the books arrive. A yearbook is the most important production of the entire year, the only record of your memories.

Miraculously, the yearbook begins to fall into place — only a few more deadlines, a few more weekends, and then it's quits until next year. *WRONG!!* When the staff completes one book, they begin planning next year's book — the theme, the cover and the format. Obviously, being an *Athenian* staff member isn't all fun and games . . . and cookies and hamburgers — it's hard work, frustration, and total devotion. The *Athenian* staff isn't just "wild and crazy" or they could not have staged the production they did in '79.

This year's FFA officers are: President, Richard Bjorkman; Vice-president, Jim Waddell; Treasurer, Mike Caradonna; Secretary, Cathy Schlipf; Reporter, Ramona Herdman; Sgt.-at-Arms, David Bennett; Chaplin, Larry Hirt.

Active this year in many areas, the FFA began their activities by raising $300 at a car wash. Hal Phillips, state FFA president, attended the first meeting. In October, the second annual "Tire-a-thon" rolled in $800, in response to a 50 mile push. From the school Agriculture Farm, through Lake Helen, Casadaga, Orange City, to the Boulevard, they inched their way in the midst of oncoming cars.

To celebrate Thanksgiving, the group held a Turkey Shoot and awarded 20 turkeys as prizes.

Five FFA members and one advisor attended the National Convention in Kansas City. They were: Ramona Herdman, Richard Bjorkman, Robert Pearce, Bruce Daugherty, Mike Caradonna and Mr. Fortner. While there, Bruce received his American Farmer Degree, the seventh from Deland to receive this honor. While at the convention, the group heard from Mr. Jimmy Carter and Mr. Jerry Clower. This group was sponsored by the local chapter. The Convention was attended by 23,000 people from all 50 states and Puerto Rico.

FROM NHS —
WITH EGGHEAD LOVE

In this age of the computer and the credit card, many social critics feel these advantages have hindered thought and creativity. Though these setbacks are undoubtedly true in some instances, there are some students who dedicate most of their waking hours enriching their minds and the minds of others. The NATIONAL HONOR SOCIETY is such a group of students.

Those Seniors selected this fall joined in with last year's selected Juniors to provide excellent service to their fellow students as tutors. Besides entering a decorated car in the Homecoming Parade, these "Eggheads" also donated a large quantity of canned foods and Christmas toys for West Volusia's underprivileged. Other duties of NHS are ushering and program review of the Graduation ceremony and Baccalaureate service.

After traveling to Lakeland to the State Tournament last year, the *'Bouncing Bulldogs'* received another treat this year. The basketball players journeyed to New Hampshire for an Invitational Tournament. There they enjoyed playing both on the court (where they won "Consolation") and in the snow. Since many members of the team had never been up north or traveled by plane, it was a new experience for them. While there, the team visited some attractions, such as the Basketball Hall of Fame and the Gunstock Ski Resort and toured the countryside with their foster parents.

The 1979 baseball season brought a familiar face to the coaching staff of the Varsity Bulldogs. This year the Bulldogs' Head Coach is Ron Creese. Returning to his alma mater after 18 years, Ron hopes to develop his team into state champions. Ron thinks "we are about due for another winning year." If anyone can do the job of making DeLand Bulldog Baseball a #1 team, it is Ron Creese!

EVOLUTION: MS. MALE TO MR. DHS

As times changed, so did the image of the "macho" male at DeLand High School. Our much-laughed-at Ms. Male of 1978 turned sophisticated. From bathing suited beauties of the spring of '78, our jocks turned into poised gentlemen. The four finalists for Mr. DHS, Terry Darby, Andre Glover, Brian Knopp, and Jim Atkinson, presented both talent and sophistication to an appreciative audience. Jim Atkinson was presented the title of Mr. DHS at Homecoming ceremonies on November 17, 1978. The student body thanks Mrs. Jesse Childs and FBLA for a welcomed up-dating in DHS traditions.

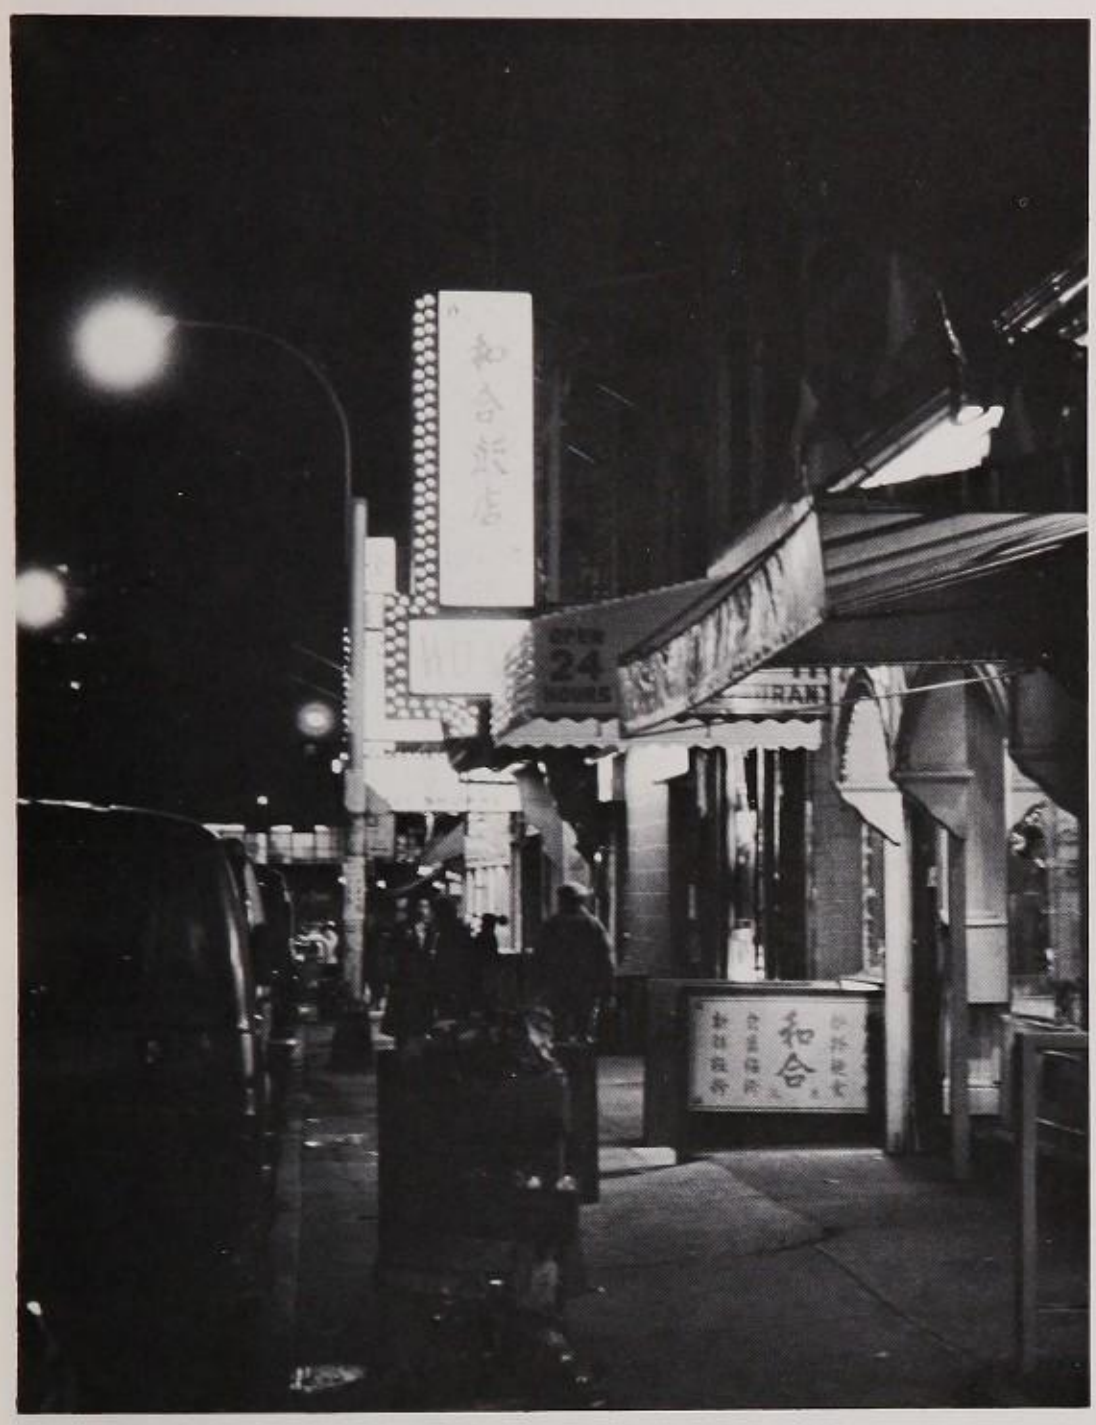
THE GIVE OR TAKE OF IT

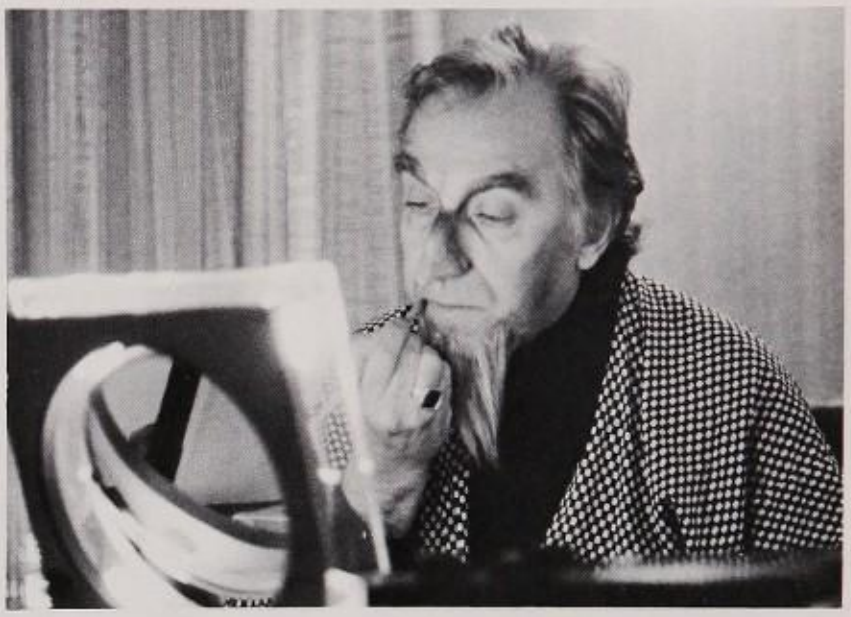
Around the corner, up the alley, lurking in the shadows, the DHS student lies in wait of unsuspecting victims. Armed with candy, mugs, license plates, pickles, and carwash tickets, the students of DeLand High School march forth seeking customers to buy their goods. This unbelievable force plays a vital role in the well-being of the many clubs here at DeLand High. The funds collected by sales can make or break a club. So if you're ever hungry, need a mug, need your car washed, or a license plate to put on your clean car, just look around!!

The gift of life! This year the students of DeLand High School pushed aside their fear of needles and gave the gift of life to people unknown. For two school days students streamed into the auditorium, giving a total of 212 pints of blood. For such a fantastic turn-out the students are to be commended. Many thanks are extended to Mrs. Atkinson and CHO for making the fall blood drawing of 1978 such a success.

SAMPLING THE "BIG APPLE"

Photography courtesy of Alan Rodriguez





13 Humanities students and one enthusiastic teacher, Mr. Andy Williams, sampled one small slice of the "Big Apple" (New York City) last December 16th. They spent six active days touring the city and all its cultural offerings. To mention only a few, the students visited The Metropolitan Opera where they enjoyed *Tosca,* 2 Broadway shows, *The King and I* and *Cruicer of Blood,* the off-Broadway production of *The Fantasticks,* toured The Museum of Modern Art, visited St. Patrick's Cathedral, and much more. But time, too, was taken to shop on Fifth Avenue, visit the Wall Street financial district, stop at Rockefeller Center, eat in Chinatown, browse through Greenwich Village and Little Italy, and "run" through Central Park. One of the many highlights was a subway ride to The World Trade Center. The flavor of the "Big Apple" will remain savory to those lucky 13 DHS students for many years.

LAW

Stetson University enjoys a nearly one-century-old tradition of academic excellence. Yet, this same university is probably best known for the people of the school. From liberal arts and music to business administration and law, the high quality of Stetson is found most readily in the faculty and students. Closely bound to educational enrichment is the understanding that friendships born here will be nurtured through the years. With all that is offered at Stetson University, it's no wonder that students and faculty agree when they say, "Nowhere else but Stetson."

Brad,
Well another year has gone by!! Now there's only 2 years left. Have a good summer & I hope to see you next year.
Good luck (you'll need it!)

A
CELEBRATION
THAT'S OUT OF THIS WORLD

1979

We hope the ATHENIAN has successfully captured the performances at DHS this year. Seniors have reached the last year of their show as high school students. The underclassmen have more time to come. All of you are the performers and the world is your stage. Up to now, your parents, teachers, and friends, have been your audience. Now, as you grow, so will your following. The success of each of your performances depends on how well you portray your character. Diligence and creativeness will produce a performance that will long be remembered.

We hope you will always remember your high school stage fondly and will see this yearbook as an accurate review.

Your Co-Editors,

Babs & Betty

What a great year getting to know the flat was pretty good. I hope you don't mind only getting a J.V. letter this year maybe you can be a Varsity man next year I'm sure I'll see you over the summer. Playing golf.

Stay cool,
John Latham

Brad, I'm glad I've known you. Long time ago when I first met you I didn't really like you. Even though you said I was a pain in the neck. I mean I don't tell my friends that I've had ever hate to me and I've had my share of problems with Kim and Lisa Rockelly up in Vicksburg. I'll never forget you and the laughs and memories we've had over the years. Well the years and I can truely say I liked you alot more, some really a lot. Don't ever change you stay that way. Have a good summer and I'll see you next year. Good luck in 10th

Elaine

Beat my... Cimbi! March! Eat Sarfin, Bons suckin... Man, I have had a good time this year in up stuff. This summer's gonna be even worse. We are gonna burn Pi: la dolphin. And Rdogcrest too. That is, unless I fail Mr. Seaman's Class. That reminds me. I'm getting a little jacked around. All these students rinky-dinking around and not doing diddly doo. The NCCA also has mad main/boy masters. Well Next year is gonna be even worse. Go for what ever there is to go for and stay grown. Keep on marchin' and climbin',
